FOREWORD

We hope you will like our 2012 catalogue and have fun on the road!

Foreword

We moved to our new building at the end of the 2011 motorcycle season. From now on you can find us at this location: Gewerbepark Chammünster Nord C5, 93413 Cham, Germany.

We offer you in our new building at about 2.000 sqm a Café and a big showroom with our latest custom BMW motorcycles and much accessories which you can of course touch and test.

We are also using a brand new logistic system in our high rack warehouse in order to ship your packages as fast as possible.

We're looking forward to meet you!

We wish you a great motorcycle
season 2012

F650GS

built since 2008
798 ccm cylinder capacity
power:71 PS
max. torque 75 Nm at 4.500/min

F800GS

built since 2008
798 ccm cylinder capacity
power:85 PS
max. torque 83 Nm at 5.750/min

GPS Mounting

You need 1x GPS bracket adapter (048-0210) for mounting to the handlebar clamping support
1x GPS Mounting (44004) for mounting your GPS unit to the GPS bracket adapter

To 44004 fit all BMW Navigators, Garmin Zumo, SPIII, SP26**, 2720, Zumo 550, Zumo 660 and Nüvi series. GPS SP26** & 2720 owners will need to purchase the Garmin Motorcycle Mount.

Maybe you need an extra adapter for a TomTom navigator or our adapter for 1" Ram-Ball when you want to install a Ram-Mount.

ArtNo.	Description	Price
048-0210	GPS bracket adapter	€ 42,90
44004	GPS Mounting	€ 38,90
tomtom-Ad	Adapter for TomTom Rider Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 9,55
tomt-Ad Ed 2	Adapter for TomTom 2nd Edition Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 14,90
ram-1zoll	Adapter for 1" Ram-Ball	€ 29,90

Cover

Cover for the fluid reservoir. You simply stick it onto the fluid reservoir and can remove it without residue. It can be fixed with some silicone or something alike.

ArtNo.	Description	Price
0703	anodized	€ 19,90
0704	black anodized	€ 20,90
0705	polished	€ 19,90
s2ml	Silicone 2ml	€ 0,40

Mirror Extensions

Our Mirror Extensions are the perfect solutions when you see mainly your shoulders in the rear mirrors. The mirrors will be moved some centimeters away from each other and that creates the necessary space in order to improve the view to the back.

ArtNo.	Description	Price
BK 02	Mirror Extensions 1 Set (M10)	€ 49,95

Oil temperature gauge

The temperature of the cooling water is usually different to the temperature of the engine oil! The oil temperature gauge helps you warm up your bike easier!

BMW F 650 GS (800) (0218) and F800 GS (0219)

ArtNo.	Description	Price
10034208	Oil temperature gauge	€ 62,95

Brake pedal enlargement

This special part is made of extremely handy aluminium and makes for safe braking. It gets mounted with two screws, u-screws, nut and tubes which are all supplied.

For all BMW F800GS & BMW F650GS from 2008 - *

ArtNo.	Description	Price
0128	Brake pedal enlargement	€ 18,50

Handlebar height riser 20mm

Those who like to go offroad and do so frequently, will find the 20 mm handlebar height increase indispensable. It makes it much easier to ride while standing. It also facilitates a more pleasant, relaxed position while sitting. Significantly increases touring comfort.

It takes just moments to fit. Delivery includes screws and TÜV certificate.

ArtNo.	Description	Price
048-0150	Handlebar height riser 20mm	€ 20,90

Number Plate Deflector

Made of 1mm high quality stainless steel. This guard is pre drilled to mount behind the rear number plate. It is very effective at keeping the luggage, pillion & rider clean of mud and dirt.

ArtNo.	Description	Price
42000	Width 200mm	€ 28,90
42001	Width 175mm	€ 28,90

Sidestand foot enlargement

Feel safer parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high quality aluminium. Black anodized. Easy to install. Doesn't fit for lowered bikes.

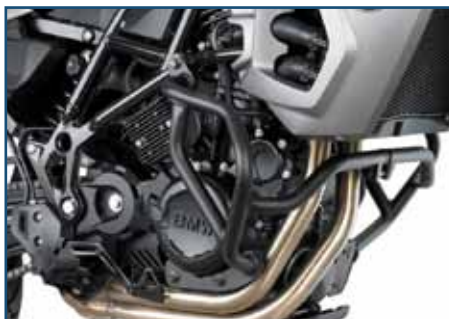

ArtNo.	Description	Price
0708	Sidestand foot enlargement F800GS	€ 19,95
0717	Sidestand foot enlargement F650GS MY 2008-*	€ 19,90

Crashbars

Our crashbars are made of high-quality steel and are special designed for your BMW F650GS & F800GS 08 model or newer. The crashbars are designed to be very robust and allow an equal distribution of the forces so that you and your bike are protected in the best possible way. Crashbars offer a very good protection but they can reduce the cornering angle. (1 Set left & right)

ArtNo.	Description	Price
TN690	Crashbars black	€ 139,90

Crashbars

Our crashbars are made of high-quality steel and are specially designed for your F650GS and F800GS 2008 model or newer. The crashbars are designed to be very robust and allow an equal distribution of the forces so that you and your bike are protected in the best possible way. Crashbars offer a very good protection but they can reduce the cornering angle. Well suited for drivers with long legs. (1 Set left & right)

ArtNo.	Description	Price
SBL.07.556.100	Crashbars black	€ 174,95

Main Stand

This main stand is characterized by its accuracy of fit and its stability. It is very instrumental in any little work you have to do on your bike just like changing the brake pads and so on...

ArtNr.	Beschreibung	Preis
HPS.07.557.100	Main Stand F800GS	€ 124,95
HPS.07.470.100	Main Stand F650GS MY 2008-	€ 124,95

Adjustable Foot pegs

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg.

The adjustable Footrest system consists of 3 parts: Vario Joint, Vario Plate and the Footrest. All Items sold as a set for left and right.

Part 1

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg. The Joint is silver anodized.

Part 2

The Vario Plate is the part between the Footpeg and the Vario Footrest System (Joint). The Vario Plate is available in 3 length. We recommend 50mm only for the pillion rider.

ArtNo.	Description	Price
051 02 04 00	Driver Vario Footrest System	€ 41,90

Lifter

Our front lifter fits for BMW F650GS twin, all F800 and G650X bikes. It is specially made for the lowered F650GS twin. It is perfect for care, overwinter, change wheels and servicing. Made of steel, zinc-plated and quality „Made in Germany“.

ArtNo.	Description	Price
Lifter010	Lifter	€ 75,90

LED turning signals

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is the complete turning signal and has a homologation. So it is the first road legal LED for BMW bikes! The LEDs flash yellow.

Sold in pairs (for left and right).

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 89,95
01006-g	1 pair of LED turning signals with grey lenses	€ 89,95

Clear indicator lens

Clear indicator lenses. Sold in a set (2 pieces).

And if you want, also single.

With E-Mark, so they are homologated for the EU.

Shipping: 2 lenses incl. orange bulbs.

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 20,90
CTS-0037-g	Grey indicator lens	€ 20,95

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses).

Single

ArtNo.	Description	Price
BLWB-CBUS	orange coated bulb 12V/10W	€ 2,55
BLWBT-CBUS	special coated bulb 12V/10W	€ 5,99

Rear Mudguard

This shapely Rear Hugger is made of glass-fibre reinforced plastic or carbon fibre and ensures that your legs, the suspension and the rear part of your BMW F650GS & F800GS will stay dry and clean. Does not fit for lowered bikes.

ArtNo.	Description	Price
40100	GRP black primed	€ 189,00
40100-1	Carbon Rear Hugger	€ 239,00

Mudguard extension

The mudguard extension gives the F 650 (Twin) a new and most striking appearance. It adds a genuine long distance flair.

This easy to fit and extremely strong plastic item also offers added protection against dirt and splashes.

The paintable mudguard extension is also easy to fit to the F 800 GS, and makes the beak look longer.

ArtNo.	Description	Price
048-0342	Mudguard extension	€ 79,90

Carbon protectors clutch cover

Our Carbon protectors will make scratched and damaged side covers a thing of the past. Made of light, sturdy carbon-fibre laminate, they are resistant to almost anything. So adventurous offroad rides will not leave a mark on the side covers - and nor will the soles of your enduro boots.

Beautifully shaped protection in elegant material that is easy and straightforward to fit.

ArtNo.	Description	Price
048-0340	Carbon protectors clutch cover	€ 59,90

Carbon protectors alternator cover

Our Carbon protectors will make scratched and damaged side covers a thing of the past. Made of light, sturdy carbon-fibre laminate, they are resistant to almost anything. So adventurous offroad rides will not leave a mark on the side covers - and nor will the soles of your enduro boots.

Beautifully shaped protection in elegant material that is easy and straightforward to fit.

ArtNo.	Description	Price
048-0338	Carbon protectors alternator cover	€ 59,90

Hand Protectors

These hand protectors are made of virtually indestructible plastic; they are modern in design, offer a high level of protection, and can easily be fitted to your BMW F650GS or F800GS using the fitting sets (included).

The hand protector offers optimum protection against wind and weather. A very strong, sturdy construction which has proved itself time and again in many rallies and on other motor cycles.

- Many colours available

(Note: not available in BMW colours)

- Vibration isolation maintained (100%)

- For use in conjunction with heated grips

- Includes special adapters for fitting

ArtNo.	Description	Price
F650GS MY 08-		
040-7081	Set Hand Protectors black	€ 79,90
040-7301	Set Spoiler for hand protectors black	€ 20,90
F800GS		
040-6681	Set Hand Protectors black	€ 79,90
040-7301	Set Spoiler for hand protectors black	€ 20,90

High Windscreen

Transparent and aerodynamic wind protection with a edge protection (black). Combined to the F800GS screen 22cm higher and to the F650GS screen 26cm higher. Size (HxW): 440 x 460 mm

With original hand protectors the steering angle will be reduced.

ArtNo.	Description	Price
D333STG	Windscreen high	€ 110,30

Windscreen

Lots of riders will want more wind protection, because the original windscreen is extremely sporty in design. This windscreen is much bigger, and has a different aerodynamic shape. Turbulence around the helmet is minimised and protection against the weather improved.

ArtNo.	Description	Price
048-0370	Windscreen clear	€ 129,90
048-0372	Windscreen tinted	€ 129,90

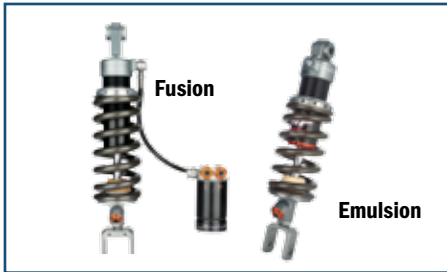

V-Stream Windscreen

Revolutionizes windscreen performance! The advanced ,V' shape and dimensional contours push the wind vortex out and away from the riders' helmet, resulting in a peaceful, quiet environment. This improvement is notable for the passenger as well. This windshield is 3X more resistant to abrasion than acrylic materials, and has superior crack and impact resistance.

Covered by 3-YEAR UNBREAKABLE WARRANTY!

ArtNo.	Description	Price
115112	Clear, H 50,8cm, W 43,2cm	€ 229,00
Z2435	Clear, H 45,5cm, W 42 cm	€ 209,00
Z2434	Clear, H 38cm, W 38cm	€ 179,00
Z2432	Dark tint, H 30,5, W 33,5cm	€ 169,00

ArtNo.	Description	Price
17.06.8D.87	Fusion suspension with reservoir fixed by a steel flex	€ 849,00
17.06.8D.87-k	Fusion suspension with reservoir fixed by a steel flex short	€ 849,00
17.06.9D.87	Emulsion suspension	€ 549,00
17.06.9D.87-k	Emulsion suspension short	€ 549,00
/02	Hydraulic preload adjustment	€ 229,00

WP Suspension rear

Fits for F800GS.

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

For extra charge you can choose any spring colour you like.

The short version reduces the height of the seat about 50mm, the fork tubes in the front can be moved up for about 45mm.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion) adjustable rebound preload adjuster

For drivers wanting the utmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life

Lightweight through use of high quality materials Adjustable length is standard Recognised safety certificate

Sebring Phantom

F 650/800 GS ab 08 Typ E650G 52kW /Typ E8GS 63kW Slip-on incl. front exhaust silencer, Twister, with EG/ABE. Choose the cover you like most! The exhaust is very easy to install and much lighter than the original one. But the most important argument is the deep and throaty sound combined with more power and more torque throughout the whole speed range. Real driving pleasure and of course with ABE (European Homologation)!

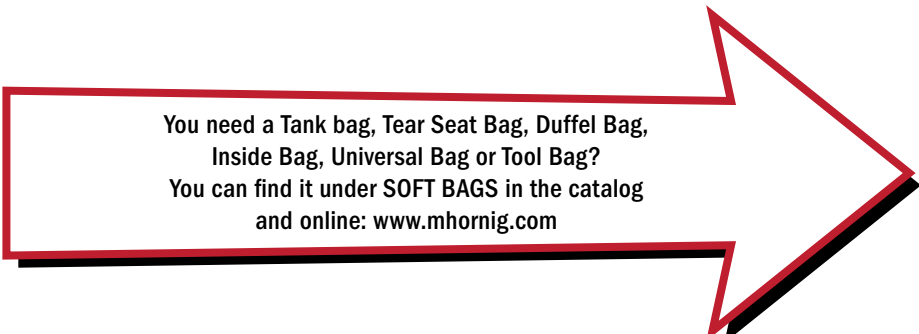

ArtNo.	Description	Price
ANT1034	Slip on, EG/ABE Stainless Steel	€ 466,00
ATT1034	Slip on, EG/ABE Titanium	€ 528,00

T-f650-K	Clear	€ 79,90

WP Suspension rear

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment.

You can choose any spring colour you like.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion) adjustable rebound preload adjuster

For riders wanting the upmost from their machine

Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life. Lightweight through use of high quality materials. Adjustable length is standard
Recognised safety certificate.

F800S & ST

built since 2006

798 ccm cylinder capacity

power: 85 PS

max. torque 86 Nm at 5.800/min

GPS Mounting F800ST

Handlebar mounting for 22mm handlebars + Ram-Ball with M10 x 1,25 thread; CNC machined for TomTom Rider 2 and Garmin Zumo. Ram-Ball mount may be used for many other items, too.
Colour: Black

Fits for BMW F800ST.

GPS Mounting F800S

Plug for BMW handlebars with inside diameter of 16mm. Just insert the CNC machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to the expansion fastener. The external diameter of the part where you mount your GPS is 22,5mm to fit almost any navigation system.

Colour: Chrome or Black

Ram-ball is also possible. Art-no.: NH 3/1
Fits for BMW F800S.

With or without hinge in order to move your navigation system in the best position.

ArtNo.	Description	Price
NH 3 ch	Chrome Plug	€ 39,95
NH 3 sw	Black Plug	€ 39,95

ArtNo.	Description	Price
NH 1/3 sw 22	GPS Mounting without hinge black	€ 34,95
NH 2/1 sw 22	GPS Mounting with hinge black	€ 44,95

Adjustable Foot pegs

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg.

The adjustable Footrest system consists of 3 parts: Vario Joint, Vario Plate and the Footrest. All Items sold as a set for left and right.

Part 1

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg. The Joint is silver anodized.

Part 2

The Vario Plate is the part between the Footpeg and the Vario Footrest System (Joint). The Vario Plate is available in 3 length. We recommend 50mm only for the pillion rider.

ArtNo.	Description	Price
051 02 03 00	Driver Vario Footrest System	€ 41,90
051 02 03 10	Pillion rider Vario Footrest System	€ 41,90
051 00 00 23	23mm Vario Plate	€ 44,50
051 00 00 30	30mm Vario Plate	€ 44,90
051 00 00 50	50mm Vario Plate (only pillion rider)	€ 45,90
050 00 04 00 8	Super Grip Footrest black	€ 51,80
050 00 04 00 1	Super Grip Footrest silver	€ 51,70
050 00 01 00 8	Racing Footrest black	€ 29,90
050 00 01 00 1	Racing Footrest silver	€ 29,95

Part 3

The Footpeg will be mounted to the Vario Plate. The Super Grip Footpegs are available in silver with black rubber.

The Racing Footpegs are available in black or silver. All Items sold as a set for left and right.

Cover

Cover for the fluid reservoir. You simply stick it onto the fluid reservoir and can remove it without residue. It can be fixed with some silicone or something alike.

ArtNo.	Description	Price
0703	anodized	€ 19,90
0704	black anodized	€ 20,90
0705	polished	€ 19,90
s2ml	Silicone 2ml	€ 0,40

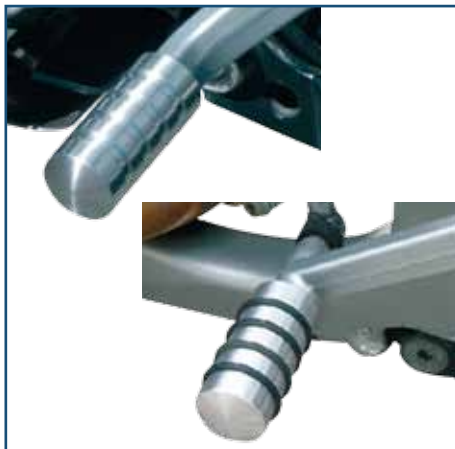

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and doesn't give enough grip when they're shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in polished or anodized.

ArtNo.	Description	Price
0190	polished	€ 21,40
0390	anodized	€ 21,80
0195	polished with o-rings	€ 23,50

19x3	O-ring	€ 0,65

Sidestand foot enlargement

Feel safer parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high quality aluminium.

Black anodized.
Easy to install.

ArtNo.	Description	Price
0722	Sidestand foot enlargement	€ 20,90

Synto brake- and clutch lever

Synto is the name of the 6x adjustable CNC high-precision brake and clutch made of aluminium. Combines elegance and functionality. Handling pure!

* 6 x adjustable CNC high-precision levers

* Racing proven Extremely light weight / 60g per lever

* CNC milled from high tech aeronautical norm aluminium EN 2017

* Perfect design – convincing finish

* Brilliant control feeling * Aerodynamic louver

* Levers ca. 2 cm shorter than original

* Predetermined breaking point at long version

* Adjuster colour is always black, only the black lever has a silver adjuster * For brake and clutch

* Including street homologation TÜV part certificate (ABE)

There is a video for this product online: www.mhornig.com

ArtNo.	Description	Price
BH27-KH37-15-11-L	black-silver	€ 218,00
BH27-KH37-17-15-L	red-black	€ 218,00
BH27-KH37-14-15-L	blue-black	€ 218,00

Superbike Handlebar

Sporty riding without carrying your whole weight on your lower arms is the dream of many riders. To meet this wish, a Superbike handlebar conversion has been developed which with its tapered handlebars and full black anodizing not only looks sophisticated but also ensures sporting performance with very little strain on the rider. The Superbike handlebar conversion includes all components necessary for fitting.

Fits for all BMW F800S with ABS!

ArtNo.	Description	Price
50800640406	Superbike Handlebar	€ 419,00

Mirror Extensions

Our Mirror Extensions are the perfect solutions if you see mainly your shoulders in the mirrors. The mirrors will be moved 5cm out in order to improve the view to the rear.

ArtNo.	Description	Price
BK 08	Mirror Extensions 1 Set	€ 49,95

Brake pedal enlargement

This brake pedal enlargement is nicely machined of aluminium, knurled and anodized. It is quite simple to install - just slip it on and lock in place with two set-screws.

ArtNo.	Description	Price
0182	anodized	€ 23,80

Fork-Crash-Pads

These crash-pads for forks are made of cnc lathed plastic (Nylon). The mounting is made of cnc milled and anodized aluminium.

These crash pads provide additional protection for your fork.

Shipment includes the crash pads (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork-Crash-Pads	€ 49,00

LED turning signals

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is the complete turning signal and has a homologation. So it is the first road legal LED for BMW bikes! The LEDs flash yellow.
Sold in pairs (for left and right).

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 89,95
01006-g	1 pair of LED turning signals with grey lenses	€ 89,95

Clear indicator lens

Clear indicator lenses. Sold in a set (2 pieces).
And if you want, also single.
With E-Mark, so they are homologated for the EU.
Shipping: 2 lenses incl. orange bulbs.

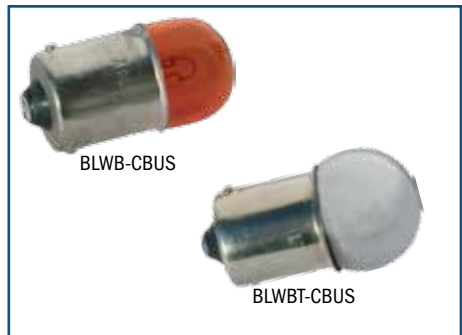

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 20,90
CTS-0037-g	Grey indicator lens	€ 20,95

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses).
Single

ArtNo.	Description	Price
BLWB-CBUS	orange coated bulb 12V/10W	€ 2,55
BLWBT-CBUS	special coated bulb 12V/10W	€ 5,99

Clear tail light lens

White rear light with long-life LEDs. Super optics, quick installation and with E-mark. Specially adapted to the electrics of the F800S & ST.
The LED rear light gives your motorcycle an entirely new appearance. You need not constantly worry either that the lamp in the rear light is broken, thus making you an accident risk.

ArtNo.	Description	Price
TT.044-0395	Clear tail light lens + LED	€ 59,95
0867	White tail light lens + LED	€ 59,90

Crash-Pads Slider

Our Crash-Pads or Sliders protect your frame, engine and fairing of your motorcycle. This crash pad is designed to fit perfect to your motorcycle. It is made of high-strength milled aluminium and high-strength POM plastic. All our pads are screwed to your motorcycle at least at 2-3 points. The advantage over round crash pads is that these slider can't break or snag on something on the road. Shipment: Crash Pads for the left and right side with mounting.

ArtNo.	Description	Price
RLBM01-F800R-S	Crash-Pads Slider	€ 239,00

Rear Hugger

Made of carbon fibre and provides ultimate protection for the rear shock absorber!

Spend less time cleaning, more in riding!
shipping 8-10 weeks

ArtNo.	Description	Price
KHO.001.F800S.K	Rear Hugger	€ 259,90

Engine Spoiler short

This bellypan is made of high quality fibre-glass reinforced synthetic material (GRP) or carbon fibre and is especially designed to give your BMW F800R a sporty look. Easy to install, can be used with the centre stand. Incl. all fastener and install instruction. The GRP version is black primed.

ArtNo.	Description	Price
40155	GRP Engine Spoiler	€ 219,00
40155-1	Carbon Engine Spoiler	€ 265,00

Tank Centre Panel

This cover for the middle part of the tank is made of carbon fibre which looks very sporty on your BMW F800S, ST & R. Quite resistant to scratches and so on. Fits for BMW F800S & ST.

ArtNo.	Description	Price
TAO.002.F800S.K	Tank Centre Panel	€ 299,90

Carbon protector for clutch cover

Elegant yet effective! Unfortunately, when the F 800 S falls, it always falls right on the clutch cover. This can have nasty consequences, or at any rate is certain to leave some unsightly scratches on the cover. This is where our carbon protector comes in, providing an elegant visual enhancement to the black clutch cover.

ArtNo.	Description	Price
616-0035	Carbon protector for clutch cover	€ 59,90

Carbon protectors alternator cover

Our Carbon protectors will make scratched and damaged side covers a thing of the past. Made of light, sturdy carbon-fibre laminate, they are resistant to almost anything. So adventurous offroad rides will not leave a mark on the side covers - and nor will the soles of your enduro boots. Beautifully shaped protection in elegant material that is easy and straightforward to fit.

ArtNo.	Description	Price
048-0338	Carbon protectors alternator cover	€ 59,90

Engine spoiler

Aerodynamics taken a stage further. With the F800S, the original fairing has been supplemented with side parts for full covering. It fits neatly on the standard cover. Engine cooling is ensured by refined air openings.

ArtNo.	Description	Price
50800619603	Spoiler (primed)	€ 549,00

Dash pad

Carbon look - protects this very visible part of your bike from your keys and enhances it's appearance with this scratch resistant, self adhesive pad.

ArtNo.	Description	Price
80076	Dash pad for F800S	€ 10,30

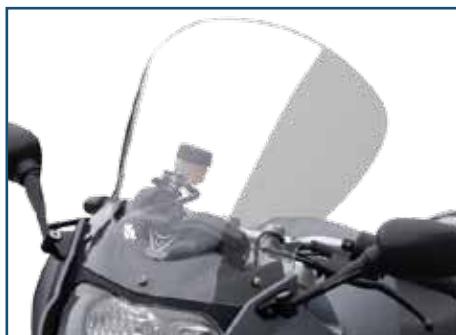

V-Stream Windscreen

Revolutionizes windscreen performance! The advanced ,V' shape and dimensional contours push the wind vortex out and away from the riders' helmet, resulting in a peaceful, quiet environment. This improvement is notable for the passenger as well. Tough FMR coated polycarbonate gives VStream windshields outstanding clarity and strength characteristics unmatched by any windshield maker worldwide. This windshield is 3X more resistant to abrasion than acrylic materials, and has superior crack and impact resistance. 4.5mm FMR Hard coated Polycarbonate. Covered by 3-YEAR UNBREAKABLE WARRANTY! Uses bike's existing windshield mount points, with additional slotted mounting points on headlight.

Windshield V-Stream, design flat, clear, with homologation, Height 42 cm, Width 41 cm

Windshield V-Stream, design high, clear, with homologation, Height 49 cm, Width 43 cm

ArtNo.	Description	Price
115104	Windscreen, design flat h42 cm, w41 cm	€ 139,00
115105	Windscreen, design high h49 cm, w43 cm	€ 179,00

High Windscreen

Transparent and aerodynamic wind protection with a spoiler as air deflector and a edge protection (black).

Compared to the F800S screen 17cm higher and to the F800ST screen 7cm higher.

Size (HxB): 450 x 320 mm

ArtNo.	Description	Price
D332ST	High Windscreen clear	€ 99,90

Touring screen

The touring screen has the same shape as the original screen (S) 345mm high, with an additional upwardly tilted airfoil over its entire width to deflect wind pressure away from the rider, ensuring an easy, relaxing ride, even on long trips.

ArtNo.	Description	Price
t-f800-rg	Smoke grey	€ 79,90
t-f800-k	Clear	€ 79,90

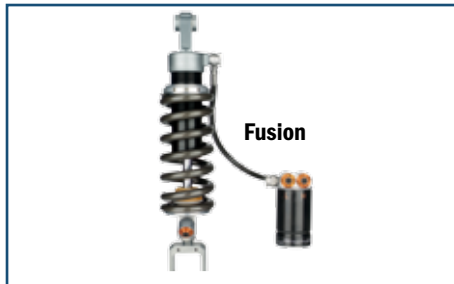

Vario touring screen

This touring screen has a spoiler at the top of the airfoil; the spoiler can be adjusted for height and angle in seven positions. The air current deflected behind the spoiler reduces the otherwise annoying turbulence. 365mm high

ArtNo.	Description	Price
vt-f800-rg	Smoke grey	€ 119,90
vt-f800-k	Clear	€ 119,90

WP Suspension rear

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

You can choose any spring colour you like.

The short version is 11mm shorter. That reduces the height of the seat more than 20mm.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion) adjustable rebound preload adjuster

For riders wanting the upmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life

Lightweight through use of high quality materials

Adjustable length is standard.

Recognised safety certificate

You can find more suspensions and accessories online: www.mhornig.com

17.06.8B.83	Fusion suspension with reservoir fixed by a steel flex short	€ 849,00
17.06.9B.83	Emulsion suspension short	€ 549,00
/02	Hydraulic preload adjustment	€ 229,00

Sebring Twister

F800S & ST Typ E8ST 62.5kW

Slip-on incl. front exhaust silencer, Twister, with EG/ABE. Choose the cover you like most! The exhaust is very easy to install and much lighter than the original one. But the most important argument is the deep and throaty sound combined with more power and more torque throughout the whole speed range. Real driving pleasure and of course with ABE (European Homologation)!

ArtNo.	Description	Price
TAT4101024K	slip on, EB/ABE incl. Cat., Aluminium	€ 538,00
TTT4101024K	slip on, EG/ABE incl. Cat., Titanium	€ 650,00
TAT4101024	slip on, EG/ABE without Cat., Aluminium	€ 432,00
TCT4101024	slip on, EG/ABE without Cat., Carbon	€ 544,00
TTT4101024	slip on, EG/ABE without Cat., Titanium	€ 544,00

How do you sit on your motorcycle seat? Do you want to change something in your seat?

Then read through the pages of the catalog **SEAT ALTERATION**.
We will change your seat exactly like you want it to be.

You need a Tank bag, Tear Seat Bag, Duffel Bag,

You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

F800R

built since 2009

798 ccm cylinder Capacity,

power: 87 PS (64 KW)

max. torque 86 Nm

acceleration 0-100kmh: 3,9 Sec.

top speed: over 200 kmh

weight: 199 kg

Our F800R customisation

We have developed and designed some brand new items for your F800R like our windscreens which offer much more protection from wind and rain but still look very sporty.

We thought that the oil cooler is too visible so we designed a bigger oil cooler cover.

Also we developed a small engine spoiler which can be used in combination with the centre stand.

Maybe the most useful item we developed for the BMW F800R is the rear hugger although it is not that visible. It will be mounted with the original chain guard and protects you and your pillion rider from dirt and spread water just like your bike, the exhaust, the collector and much more.

V-Stream Windshield

The V-Stream Windshield set new standards for design, technology and comfort. Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual Acrylic. The windscreen will be shipped with everything you need to mount it.

Windshield V-Stream, with homologation and mounting

ArtNo.	Description	Price
Z2424	Clear, Height 40,7cm, Width 38cm	€ 359,00
Z2425	Light tint, Height 40,7cm, Width 38cm	€ 379,00

G650X

built since 2007

652 ccm cylinder capacity

power: 53 PS

max. torque 60 Nm

GPS Mounting G650

Handlebar mounting for 22mm handlebars + Ram-Ball
with M10 x 1,25 thread;

CNC machined for TomTom Rider 2 and Garmin Zumo.

Ram-Ball mount may be used for many other items, too.

Colour: Black

With or without hinge in order to move your navigation
system in the best position.

ArtNo.	Description	Price
NH 1/3 sw 22	GPS Mounting without hinge black	€ 34,95
NH 2/1 sw 22	GPS Mounting with hinge black	€ 44,95

GPS Mounting G650

You need 1x GPS bracket adapter (049-0111) for mounting to the handlebar clamping support
1x GPS Mounting (44004) for mounting your GPS unit to the GPS bracket adapter.

To 44004 fit all BMW Navigators, Garmin Zumo, SPiII, SP26**, 2720, Zumo 550, Zumo 660 and Nüvi series. GPS SP26** & 2720 owners will need to purchase the Garmin Motorcycle Mount.

Maybe you need an extra adapter for a TomTom navigator or our adapter for 1" Ram-Ball when you want to install a Ram-Mount.

ArtNo.	Description	Price
049-0111	GPS bracket adapter	€ 41,90
44004	GPS Mounting	€ 38,90
tomtom-Ad	Adapter for TomTom Rider Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 9,55
tomt-Ad Ed 2	Adapter for TomTom 2nd Edition Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 14,90
ram-1zoll	Adapter for 1" Ram-Ball	€ 29,90

Brake pedal enlargement

This special part is made of extremely handy aluminium and cares for safe braking. It gets mounted with two screws, u-screws, nut and hulls which are all yet with the enlargement. For all BMW G650X bikes.

ArtNo.	Description	Price
0126	Aluminium	€ 15,90
0126-1	anodized	€ 16,90

Frame cover

These covers (left and right) for the open tubes in the frame are made of aluminium and available in two different versions.

For all BMW G650X bikes.

ArtNo.	Description	Price
0120	1 Set polished	€ 19,90
0220	1 Set anodized	€ 19,95

Crashbars

Our crashbars are made of high-quality steel and are specially designed for your G650X. The crashbars are designed to be very robust and provide an equal distribution of the forces so that you and your bike are protected in the best possible way.

Crashbars offer a very good protection but they can reduce cornering angles.

For BMW G650X Challenge, Moto & Country

ArtNo.	Description	Price
SBL07.629.100	Crashbars black	€ 149,95

20 mm Handlebar Riser

We offer a handlebar riser for your G650X, which you will find quite easy to fit. It provides a more upright and relaxed seating position. This reduces tension in the shoulders and wrists. And the handlebar riser is also helpful when racing, because the more upright standing position means both your endurance and concentration are improved. Also, bike control is enhanced.

Not for models with ABS.

ArtNo.	Description	Price
049-0109	20 mm Handlebar Riser	€ 21,90

Lifter

Our front lifter fits for BMW F650GS twin, all F800 and G650X bikes. It is specially made for the lowered F650GS twin. It is perfect for care, overwinter, change wheels and servicing. Made of steel, zinc-plated and quality „Made in Germany“.

ArtNo.	Description	Price
Lifter010	Lifter	€ 75,90

Hand Protectors

Hand Protectors BMW G650X all models without ABS

- Optimum lever protection (brake and clutch levers)
- Optimum protection for your hands
- Robust even at high speeds
- Good wind deflection
- Elegant design enhances the enduro looks

Note: Adjust only for models without ABS.

Hand protector colours: black

ArtNo.	Description	Price
040-6691	Set Hand Protectors black	€ 79,90
040-7301	Set Spoiler	€ 20,90

Beak

In order to give your BMW G650X Moto a Hypermoto Look. Made of high quality glass fibre and black primed. Easy to mount incl. all mountings and install instruction.

ArtNo.	Description	Price
40116	GPR Beak	€ 149,00

Rear mudguard

Fits between the rear shock and wheel. Designed specifically keep road debris & water from the backs of riders legs, shock, gearbox, battery and centre stand.

ArtNo.	Description	Price
40098	GPR Rear mudguard black primed	€ 149,00

Carbon small exhaust heat shield

The small exhaust heat shield not only fulfils its purpose, it also imparts a thoroughbred appearance to your Xchallenge. Its made from light carbon. Alongside its primary function, it also protects the Lambda probe. As opposed to the OEM heat shield, it combines top-quality materials and a functional look with a reduction in weight.

- simple, uncomplicated exchange for the original shield
- uses the original screws

ArtNo.	Description	Price
049-0160	Carbon small exhaust heat shield	€ 59,90

Carbon exhaust heat shield big

The big exhaust heat shield not only fulfils its purpose, it also imparts a thoroughbred appearance to your Xchallenge. Its made from light carbon. As opposed to the OEM heat shield, it combines top-quality materials and a functional look with a reduction in weight.

- simple, uncomplicated exchange for the original shield
- uses the original screws

ArtNo.	Description	Price
049-0170	Carbon big exhaust heat shield	€ 79,95

K1200 R & R Sport

built since 2005

1157 ccm cylinder capacity

power: 163 PS

max. torque 127 Nm

K1200R Customisation

This one-off special in 'Rockster Orange' with special fairing parts is a special show bike and won't be put into production.

We looked at the standard K1200R with its asymmetrical look of the air ram on one side only, and constructed a very complex closed-in front with integrated indicators and two air inlets.

Virtually no standard fairing parts exist on this bike, most have been either modified or are completely new constructions, such as the short engine spoiler with 'wings' reaching up to the tank.

Even the rear has been modified with a pillion seat cover reaching further rearwards for a more aggressive look.

Some of our series parts like the crash pads, bar end weights, frame protectors and side stand enlarger were also used.

To finish it off we also used a selection of our Carbon fibre parts.

Superbike handlebars

These handlebars create a new sporty looking and improve the handling of your bike. The mounting kit is made of high quality aluminium and the bars are especially designed for the BMW K1200R & K1200R Sport. Width of the handlebar is 770mm.

ArtNo.	Description	Price
AC-K1200R	Superbike handlebars	€ 469,00

Frame Cover

Cover for the hole above the swing arm journal. Available in polished, anodized and black anodized version.

ArtNo.	Description	Price
0352	polished	€ 12,20
0453	anodized	€ 12,60
0454	black anodized	€ 12,95

Cover

Covers for the fluid reservoirs. You simply stick them onto the fluid reservoirs. Can be removed them without residue. Made of high quality aluminium. They are sold in a set of two.

ArtNo.	Description	Price
0700	1 Set polished	€ 39,80
0701	1 Set anodized	€ 39,90
0702	1 Set black anodized	€ 39,95
s2ml	Silicone 2ml	€ 0,40

GPS Mounting

Plug for BMW handlebars with inside diameter of 16mm. Just insert the CNC machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an expansion fastener. Almost any navigation system can be fixed on the Ram-ball of this GPS Mounting.

Colour: Black

ArtNo.	Description	Price
NH 3/1	Black Plug (Ram-ball)	€ 34,95

Speedometer cover

In order to customize your BMW K1200R's & K1200R Sport & K1300R's speedo. Made of milled or laser cutted aluminium, polished or anodized. Very easy to mount with usual silicon. An install instruction is included in the set for the speedo and the revolution counter.

ArtNo.	Description	Price
0411	1 Set polished	€ 74,90
0411-1	1 Set anodized	€ 74,95
s10ml	Silicone 10ml	€ 0,80

Protection

If your K1200R & R Sport falls over or be involved in a crash these aluminium protection pads will avoid serious damage.

You install them in place of the original plastic pads.
Shipment: a set for the left and right.

ArtNo.	Description	Price
0800	1 Set polished	€ 49,00
0801	1 Set anodized	€ 49,90

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling!
The lower temperature is based on the special angles of the drillings, which cause a little bit more concentrated air flow, but don't be worried it doesn't affect the drivability of your BMW.

ArtNo.	Description	Price
0116	polished	€ 61,90
0216	anodized	€ 62,90
0316	black anodized	€ 63,40

Main Stand

With EG/ABE. This main stand is characterised by its accuracy of fit and stability. It is very simple to fit on your bike - just like changing the brake pads and so on. When you use an engine spoiler e.g. for the K1200S slight modifications are required. Instructions are included.

For BMW K1200R and 2005 model or newer.

ArtNo.	Description	Price
HPS.07.360.100	Main Stand	€ 134,95

Sidestand foot enlargement

Feel safer parking your bike on dirt or asphalt with a side stand foot enlargement.

More than 100% larger contact area.

Made of high quality aluminium.

Black anodized.

Easy to install.

ArtNo.	Description	Price
0707	Sidestand foot enlargement	€ 23,90

Bar-end weights

These bar-end weights made of Stainless steel or aluminium show that BMW riders are aware of function and form.

Article number: 0805 stainless steel 220 gram each

Article number: 0806 aluminium 84 gram each

Shipment: 2 end weights, 2 screws.

ArtNo.	Description	Price
0805	1 Set Stainless steel	€ 32,90
0806	1 Set Aluminium anodized	€ 25,90

Axle pivot Cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price
0072	polished	€ 21,90
0172	anodized	€ 21,90
0272	black anodized	€ 21,90

Adjustable Foot pegs

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg.

The adjustable Footrest system consists of 3 parts: Vario Joint, Vario Plate and the Footrest. All Items sold as a set for left and right.

Part 1

The Vario Footrest System (Joint) will be mounted to the motorcycle like the original footpeg. The Joint is silver anodized.

Part 2

The Vario Plate is the part between the Footpeg and the Vario Footrest System (Joint). The Vario Plate is available in 3 length. We recommend 50mm only for the pillion rider.

ArtNo.	Description	Price
051 02 03 00	Driver Vario Footrest System	€ 41,90
051 02 03 10	Pillion rider Vario Footrest System	€ 41,90
051 00 00 23	23mm Vario Plate	€ 44,50
051 00 00 30	30mm Vario Plate	€ 44,90
051 00 00 50	50mm Vario Plate (only pillion rider)	€ 45,90
050 00 04 00 8	Super Grip Footrest black	€ 51,80
050 00 04 00 1	Super Grip Footrest silver	€ 51,70
050 00 01 00 8	Racing Footrest black	€ 29,90
050 00 01 00 1	Racing Footrest silver	€ 29,95

Part 3

The Footpeg will be mounted to the Vario Plate. The Super Grip Footpegs are available in silver with black rubber.

The Racing Footpegs are available in black or silver.

All Items sold as a set for left and right.

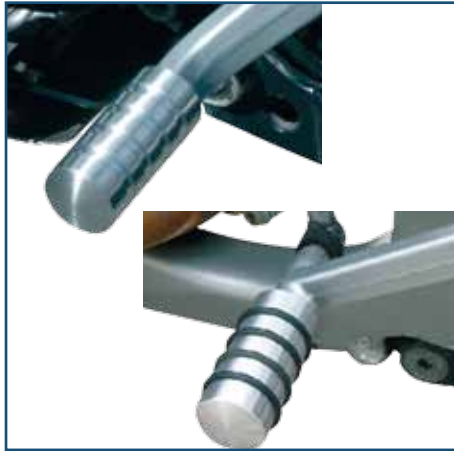

Brake Pedal Enlargement

It is nicely machined of aluminium and natural anodized.

The surface is slotted in order to avoid slipping. This enlargement simply slips on and is held in place with two set-screws.

ArtNo.	Description	Price
0102	Brake Pedal Enlargement	€ 30,50

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and doesn't give enough grip when they're shifting. This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in polished or anodized.

ArtNo.	Description	Price
0190	polished	€ 21,40
0390	anodized	€ 21,80
0195	polished with o-rings	€ 23,50
0395	anodized with o-rings	€ 23,90
19x3	O-Ring	€ 0,65

Foot brake fluid reservoir cover

Cover for the foot brake fluid reservoir CNC machined of aluminium.

If you have no silicone you can also order our high quality silicone which is pre-filled in the volume you need and easy to dose.

ArtNo.	Description	Price
0706	polished	€ 19,90
0706-1	anodized	€ 20,90
s2ml	Silicone 2ml	€ 0,40

Front lifter

It is perfect for care, overwinter and servicing.

Made of steel 35x35mm, zinc-plated and quality „Made in Germany“.

ArtNo.	Description	Price
2039-80II	Front lifter	€ 98,90

Back lifter

Slide the rubber coated pipe of the Back lifter in the final drive of your BMW and lift it up. Easy to use by one person and very stable support for the bike.

Made of high quality steel. Diameter 42mm, zinc-plated. The diameter of the rubber is 52,5mm.

ArtNo.	Description	Price
BT.heck-lifter	Back lifter	€ 89,90

Synto brake- and clutch lever

Synto is the name of the 6x adjustable CNC high-precision brake and clutch made of aluminium. Combines elegance and functionality. Handling pure!

- * 6 x adjustable CNC high-precision levers
- * Racing proven Extremely light weight / 60g per lever
- * CNC milled from high tech aeronautical norm aluminium EN 2017
- * Perfect design – convincing finish
- * Brilliant control feeling * Aerodynamic louver
- * Levers ca. 2 cm shorter than original
- * Predetermined breaking point at long version
- * Adjuster colour is always black, only the black lever has a silver adjuster * For brake and clutch
- * Including street homologation TÜV part certificate (ABE)

There is a video for this product online: www.mhornig.com

ArtNo.	Description	Price
BH27-BKH1-15-11-L	black-silver	€ 218,00
BH27-BKH1-17-15-L	red-black	€ 218,00

Mirror Extensions

Our Mirror Extensions are the perfect solutions if you see mainly your shoulders in the mirrors. The mirrors will be moved a few centimetres out in order to improve the view to the rear.

For K1200R & R Sport.

ArtNo.	Description	Price
BK 02	Mirror Extensions	€ 49,95

Crashbars

Our crashbars are made of high-quality steel and are special designed for your K1200R, R Sport. Crashbars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way.

Crashbars offer a very good protection but they can reduce the cornering angle.

ArtNo.	Description	Price
SBL07.413.100/B	Crashbars black	€ 154,95
SBL07.413.100/S	Crashbars silver	€ 149,95

Fork-Crash-Pads

These crash-pads for forks are made of cnc lathed plastic (Nylon). The mounting is made of cnc milled and anodized aluminium.

These crash pads provide additional protection for your fork.

Shipment includes the crash pads (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork-Crash-Pads	€ 49,00

Crash-Pads Slider

Our Crash-Pads or Sliders protect your frame, engine and fairing of your motorcycle. This crash pad is designed to fit perfect to your motorcycle. It is made of high-strength milled aluminium and high-strength POM plastic. All our pads are screwed to your motorcycle at least at 2-3 points. The advantage over round crash pads is that these slider can't break or snag on something on the road.

Shipment: Crash Pads for the left and right side with mounting.

ArtNo.	Description	Price
RLBM03	Crash-Pads Slider	€ 279,00

Clear tail light

The clear tail light is available with a red bulb or LED and a grey tail light is available with LED.

Both LEDs have an E-mark and are very easy to install and fit perfectly.

ArtNo.	Description	Price
WLL-87-L	Clear lens with LED (not for model 08-)	€ 89,95
WLL-87-L-g	Grey lens with LED (not for model 08-)	€ 89,95

Clear indicator lens

Clear indicator lenses. Sold in a set (2 pieces).

And if you want, also single.

With E-Mark, so they are homologated for the EU.

Shipping: 2 lenses incl. orange bulbs.

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 20,90
CTS-0037-g	Grey indicator lens	€ 20,95

LED turning signals

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is the complete turning signal and has a homologation. So it is the first road legal LED for BMW bikes! The LEDs flash yellow.

Sold in pairs (for left and right).

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 89,95
01006-g	1 pair of LED turning signals with grey lenses	€ 89,95

Windscreen ZTechnik

In order to create a more comfortable ride, other manufacturers offer extra-tall windshields or spoiler tops to try to lift the air stream. But ZTechnik designed, for the first time ever, a windshield with contours calculated and adjusted to manage the riding environment.

Windshield, tinted, with homologation and mounting kit, Height 41 cm, Width 52 cm

ArtNo.	Description	Price
Z2225	Height 41 cm, Width 52 cm	€ 289,00

Carbon Front mudguard

This front mudguard is an optical improvement for your BMW K1200R & R Sport.

Made of carbon fibre.

ArtNo.	Description	Price
KVO.001.K120R.K	Front mudguard K1200R	€ 299,90

ArtNo.	Description	Price
KD0.016.K120S.K	Clutch Cover	€ 89,90

You must send your seat to us!

How do you sit on your motorcycle seat?
Do you want to change something?

Then read through the pages of the catalog
SEAT ALTERATION.

We will change your seat exactly like you want it to be.

You need a Tank bag, Tear Seat Bag, Duffel Bag, Inside Bag, Universal Bag or Tool Bag?

You can find it under **SOFT BAGS** in the catalog and online: www.mhornig.com

Remus HexaCone

More than 4kg lighter compared to the original exhaust.

Not only nice for the eyes but also powerful sound - the HexaCone.

Available with three covers:

High-grade Steel, Carbon Fibre or Titanium

ArtNo.	Description	Price
154682 088305	High-grade Steel incl. Cat.	€ 657,00
154882 088305	Titanium incl. Cat.	€ 719,00

You can find exhaust from Remus and BOS
and suspensions from Öhlins
online: www.mhornig.com

WP Suspension front & rear

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

You can choose any spring colour you like.

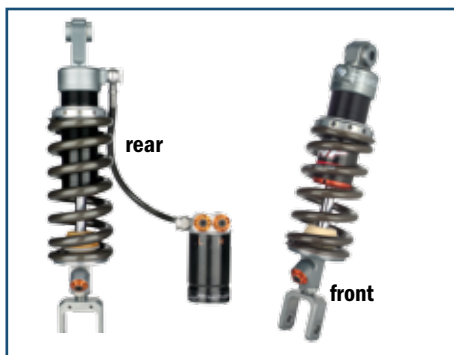

Suspension rear: adjustable rebound preload adjuster

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion)

Suspension front: preload adjuster, 16 positions.

For riders wanting the upmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorbtion and longer life

Lightweight through use of high quality materials
Adjustable length is standard
Recognised safety certificate

ArtNo.	Description	Price
17.06.8A. 76/78	Fusion suspension with reservoir fixed by a steel flex rear	€ 849,00
17.06.9A. 76/78	Emulsion suspension rear	€ 549,00
/02	Hydraulic preload adjustment	€ 229,00
17.06.9A. 77/79	Emulsion suspension front	€ 549,00

K1200S

built since 2005

1157 ccm cylinder capacity

power: 167 PS

max. torque 130 Nm

Brake Pedal Enlargement

It is nicely machined of aluminium and natural anodized.

The surface is slotted in order to avoid slipping. This enlargement simply slips on and is held in place with two set-screws.

ArtNo.	Description	Price
KD0.016.K120S.K	Clutch Cover	€ 89,90

Fork-Crash-Pads

These crash-pads for forks are made of cnc lathed plastic (Nylon). The mounting is made of cnc milled and anodized aluminium.
These crash pads provide additional protection for your fork.
Shipment includes the crash pads (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork-Crash-Pads	€ 49,00

Touring screen

The touring shield has the same shape as the original, but with an additional raised wind deflector about 5-7 cm high at the top, covering the entire width. This deflects the wind over the rider and allows a relaxed ride, particularly on longer trips.

Length: 415mm

ArtNo.	Description	Price
T-k1200s-rg	Smoke grey	€ 79,90
T-k1200s-k	Clear	€ 79,90
T-k1200s-sw	Black	€ 79,90

Vario touring screen

This type of touring screen has a small spoiler at the top of the wind deflector. Can be manually set to seven positions in terms of angle and height. Tiresome turbulence is also reduced by the air flow at the rear of the spoiler.

Length: 435mm

ArtNo.	Description	Price
VT-k1200s-rg	Smoke grey	€ 119,90
VT-k1200s-k	Clear	€ 119,90

Original shape screen

This wind screen has the same shape like the original windscreen but is available in different colours.

Length 350mm, with ABE.

Available in clear, smoke grey and black.

ArtNo.	Description	Price
O-K1200S-rg	Smoke grey	€ 69,90
O-K1200S-k	Clear	€ 69,90
O-K1200S-s	Black	€ 69,90

Spoiler screen

This screen also comes up with the original screen but with a small lip edge at the top.

The spoiler screen will be delivered with ABE, length: 370mm

ArtNo.	Description	Price
S-k1200s-rg	Smoke grey	€ 79,90
S-k1200s-k	Clear	€ 79,90
S-k1200s-sw	Black	€ 79,90

Racing screen

The racing screen has basically the same shape as the original one, with a little hump in the middle, to reduce the wind pressure on the helmet.

With ABE, length: 405mm.

ArtNo.	Description	Price
R-k1200s-rg	Smoke grey	€ 79,90
R-k1200s-k	Clear	€ 79,90

Sebring Twister

K1200S from 05 Typ K12, 123kW

Slip-on incl. front exhaust silencer, Twister, with EG/ABE. Choose the cover you like most! The exhaust is very easy to install and much lighter than the original one. But the most important argument is the deep and throaty sound combined with more power and more torque throughout the whole speed range. Real driving pleasure and of course with ABE (European Homologation)!

ArtNo.	Description	Price
TAT4051015K	slip on, EG/ABE incl. Cat., Aluminium	€ 556,00
TTT4051015K	slip on, EG/ABE incl. Cat., Titanium	€ 674,00

Remus HexaCone

More than 4kg lighter compared to the original exhaust. Not only nice for the eyes but also powerful sound - the HexaCone.

Available with three covers: High-grade Steel, Carbon Fibre or Titanium

ArtNo.	Description	Price
154682 088305	High-grade Steel incl. Cat.	€ 657,00
154882 088305	Titanium incl. Cat.	€ 719,00

You need a Tank bag, Tear Seat Bag, Duffel Bag,
Inside Bag, Universal Bag or Tool Bag?

You can find it under SOFT BAGS in the catalog
and online: www.mhornig.com

WP suspension front & rear

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

You can choose any spring colour you like.

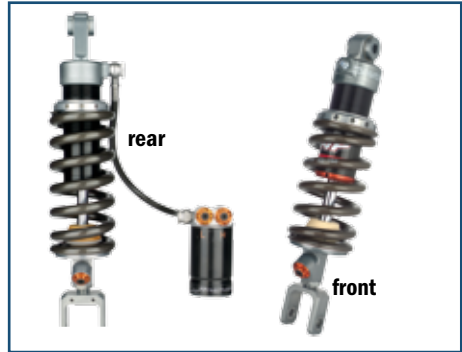

Suspension rear: adjustable rebound preload adjuster

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion)

Suspension front: preload adjuster, 16 positions.

For riders wanting the upmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life

Lightweight through use of high quality materials
Adjustable length is standard
Recognised safety certificate

ArtNo.	Description	Price

050 00 04 00 1	Super Grip Footrest silver	€ 51,70
050 00 01 00 8	Racing Footrest black	€ 29,90
050 00 01 00 1	Racing Footrest silver	€ 29,95

Part 3

The Footpeg will be mounted to the Vario Plate. The Super Grip Footpegs are available in silver with black rubber.

The Racing Footpegs are available in black or silver.
All Items sold as a set for left and right.

Main Stand

With EG/ABE. This main stand is characterised by its accuracy of fit and stability. It is very simple to fit on your bike - just like changing the brake pads and so on...

When you use an engine spoiler e.g. for the K1300S slight modifications are required. Instructions are included.

ArtNo.	Description	Price
HPS.07.634.10000/B	Main Stand	€ 129,95

Mirror Extensions

Our Mirror Extensions are the perfect solutions if you see mainly your shoulders in the mirrors. The mirrors will be moved a few centimetres out in order to improve the view to the rear.

ArtNo.	Description	Price
BK 02	Mirror Extensions 1 Set (M10)	€ 49,95

Frame Cover

Cover for the hole above the swing arm journal. Available in polished, anodized and black anodized version.

ArtNo.	Description	Price
0352	polished	€ 12,20
0453	anodized	€ 12,60
0454	black anodized	€ 12,95

Cover

Covers for the fluid reservoirs. You simply stick them onto the fluid reservoirs. Can be removed them without residue. Made of high quality aluminium. They are sold in a set of two.

ArtNo.	Description	Price
0700	1 Set polished	€ 39,80
0701	1 Set anodized	€ 39,90
0702	1 Set black anodized	€ 39,95
s2ml	Silicone 2ml	€ 0,40

GPS Mounting

Plug for BMW handlebars with inside diameter of 12mm. Just insert the CNC machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an expansion fastener. Almost any navigation system can be fixed on the Ram-ball of this GPS Mounting.

Colour: Black

ArtNo.	Description	Price
NH 3/1	Black Plug	€ 34,95

Speedometer cover

In order to customize your BMW K1300R's speedo. Made of milled or laser cutted aluminium, polished or anodized.

Very easy to mount with usual silicon.

An install instruction is included in the set for the speedo and the revolution counter.

ArtNo.	Description	Price
0411	1 Set polished	€ 74,90
0411-1	1 Set anodized	€ 74,95
s10ml	Silicone 10ml	€ 0,80

Protection

If your K1300R falls over or be involved in a crash these aluminium protection pads will avoid serious damage.

You install them in place of the original plastic pads.

Shipment: a set for the left and right.

ArtNo.	Description	Price
0800	1 Set polished	€ 49,00
0801	1 Set anodized	€ 49,90

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling!
The lower temperature is based on the special angles of the drillings, which cause a little bit more concentrated air flow, but don't be worried it doesn't affect the drivability of your BMW.

ArtNo.	Description	Price
0116	polished	€ 61,90
0216	anodized	€ 62,90
0316	black anodized	€ 63,40

Brake Pedal Enlargement

It is nicely machined of aluminium and natural anodized. The surface is slotted in order to avoid slipping. This enlargement simply slips on and is held in place with two set-screws.

ArtNo.	Description	Price
0102	Brake Pedal Enlargement	€ 30,50

Sidestand foot enlargement

Feel safer parking your bike on dirt or asphalt with a side stand foot enlargement.

More than 100% larger contact area.

Made of high quality aluminium.

Black anodized.

Easy to install.

ArtNo.	Description	Price
0707	Sidestand foot enlargement	€ 23,90

Bar-end weights

These bar-end weights made of Stainless steel or aluminium show that BMW riders are aware of function and form.

Article number: 0805 stainless steel 220 gram each

Article number: 0806 aluminium 84 gram each

Shipment: 2 end weights, 2 screws.

ArtNo.	Description	Price
0805	1 Set Stainless steel	€ 32,90
0806	1 Set Aluminium anodized	€ 25,90

Axle pivot Cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price

Fork-Crash-Pads

These crash-pads for forks are made of cnc lathed plastic (Nylon). The mounting is made of cnc milled and anodized aluminium.

These crash pads provide additional protection for your fork.

Shipment includes the crash pads (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork-Crash-Pads	€ 49,00

Front lifter

Our front lifter fits BMW K1300R.

It is perfect for care, overwinter and servicing.

Made of steel 35x35mm, zinc-plated and quality

„Made in Germany“.

ArtNo.	Description	Price
2039-80II	Front lifter	€ 98,90

Back lifter

Slide the rubber coated pipe of the Back lifter in the final drive of your BMW and lift it up. Easy to use by one person and very stable support for the bike.

Made of high quality steel. Diameter 42mm, zinc-plated.

The diameter of the rubber is 52,5mm.

ArtNo.	Description	Price
BT.heck-lifter	Back lifter	€ 89,90

Vario touring screen

This touring screen has a spoiler at the top of the airfoil; the spoiler can be adjusted for height and angle in seven positions. The air current deflected behind the spoiler reduces the otherwise annoying turbulence.

ArtNo.	Description	Price
vt-k1200r-rg	Smoke grey	€ 135,90
vt-k1200r-k	Clear	€ 135,90

Crash-Pads Slider

Our Crash-Pads or Sliders protect your frame, engine and fairing of your motorcycle. This crash pad is designed to fit perfect to your motorcycle. It is made of high-strength milled aluminium and high-strength POM plastic. All our pads are screwed to your motorcycle at least at 2-3 points. The advantage over round crash pads is that these slider can't break or snag on something on the road.

Shipment: Crash Pads for the left and right side with mounting.

ArtNo.	Description	Price
RLBM03	Crash-Pads Slider	€ 279,00

Clear indicator lens

Spoiler for windshields

The MRA X-creen spoiler can be set your individual needs in order to eliminate turbulence, wind pressure or annoying noises. The spoiler can be adjusted with two independently adjustable pivot points. The spoiler is 36cm wide and 16.3cm high and available in clear or smoke gray with EU homologation for the original windshield and all MRA windshields! The spoiler can either be screwed or clamped with an extra bracket. Screwed: The attachment of the X-creen-Spoiler via four screws. The existing screen must be drilled for this purpose. Clamped: The X-creen-spoiler is clamped with a special holder on the existing screen (Picture 3). This mounting needs no drilling or gluing. This bracket is not part of the standard product range of the X-creen and must be purchased separately. The distance between the two black mountings which will be screwed to your screen is 25cm. If you use the clamps your windshield needs to be at least 28cm wide on the top.

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

BMW R1100GS 93-98

BMW R1150GS 99-03

ArtNo.	Description	Price
110330	Starter cover	€ 179,00

WP suspension front & rear

Fits for R1100GS

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

You can choose any spring colour you like.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion)

suspension rear: adjustable rebound preload adjuster

suspension front: preload adjuster, 16 positions

For riders wanting the upmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life Lightweight through use of high quality materials. Adjustable length is standard

Recognised safety certificate

ArtNo.	Description	Price
17.06.07.29/P7.31	Fusion suspension with reservoir fixed by a steel flex front	€ 899,00
17.06.09.29/P9.31	Emulsion suspension front	€ 549,00

17.06.09.27/P9.67	Emulsion suspension rear	€ 549,00
/02	Hydraulic preload adjustment	€ 229,00

WP EDS II System

Fit for R1150GS bikes.

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

For extra charge you can choose any spring colour you like.

You now have the option to control the settings of your suspension with the touch of a button. The EDS system comes complete with all necessary parts, including bracket for the control module and an ECM.

ArtNo.	Description	Price
11.06.Y0.02	EDS II System front & rear	€ 1.699,00

Change front and rear seat

R850/1100/1150GS

The drivers and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort:

Here, the seat is increased in the middle front part to inhibit a cramped position.

These alterations care for a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

Available in three heights (please note in the comment with the article number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 189,00
sitzS	Pillion's seat black	€ 184,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

Change one-piece seat

For the R1150GS Adv. bikes

A distinct fluting (middle of the seat is deepened) releases the driver's tailbone and disperses the driver's weight all over his bottom. Also, the seat gets broadened for ca.15 mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. Special contours for the pillion's seat avoid the slipping when the driver has to brake.

Available in three heights (please note in the comment with number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

ArtNo.	Description	Price
sb	Seat black	€ 289,00

Multi Box

Oil tank or tool box for your BMW R850/1100GS and R1150GS. The oil tank has a volume of 1 litre. In the tool box you can store lots of items like spark plugs and so on. You have to remove the seat when you want to open the multi boxes, because of that the multi boxes are very safe. Their content will stay dry. The box is made of PE-synthetic material and their weight is about 400 grams. Everything you need to install it is included and you can install it in few minutes.

ArtNo.	Description	Price
ST1010	Multi Box - Oil tank	€ 69,00
ST1020	Multi Box - Tool Box	€ 69,00

You need a Tank bag, Tear Seat Bag, Duffel Bag, Inside Bag, Universal Bag or Tool Bag?
You can find it under SOFT BAGS in the catalog
and online: www.mhornig.com

0265	anodized (without emblem)	€ 18,95

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

BMW R1100R 95-03

BMW R1150R 01-06

BMW R1150R Rockster 03-06

ArtNo.	Description	Price
Z7105	Crashbars ZTechnik	€ 299,00

Bar risers

Dash pad

Dash pad for BMW R 850/1150R in a sporty carbon look - protects this very visible part of your bike from key scratches and enhances its appearance.

Scratch resistant, self adhesive pad.

(or Nr. 80060 for R850/1100R).

ArtNo.	Description	Price
80090	Dash pad R1150R	€ 7,80

Carbon Front mudguard

It is perfect customised for the R 850 R from 9/02 & R 1150 R (not Rockster). With its widening in the back it almost stops the water splashes.

Dirt and mud can't stay at the front fender because it has no footbridges.

Weight ca. 184 gram light but very solid. Including ABE.

ArtNo.	Description	Price
110220	Front mudguard (front part)	€ 219,90
110221	Front mudguard (rear part) Get rid of that ugly plastic!	€ 139,90

Carbon Rear Hugger

Provides ultimate protection for the rear shock absorber!

Spend less time cleaning and more time riding!

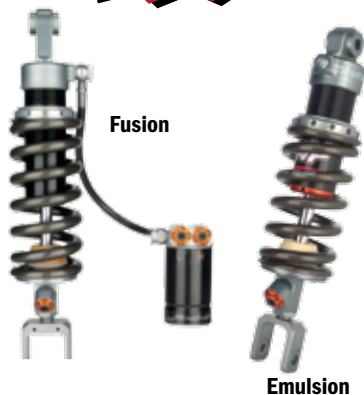

The best fit possible is provided by an aluminium fastener.

With ABE.

ArtNo.	Description	Price
110310	Rear Hugger	€ 219,90

Oil filler plug with emblem

There is a drilling in the side of the plug in which you can put a size 3 Allen key or a Torx key T10 (usually found in the your BMW toolkit) in order to fit and remove it.

ArtNo.	Description	Price
0040	polished	€ 24,80
0240	anodized	€ 24,90
0055	black anodized	€ 25,90
10011	O-ring	€ 1,20

Oil filler plug

This oil filler plug with Allen tool looks absolutely great because of its finish and has good function as a locking plug. Use a size 5 Allen key (usually found in the your BMW toolkit) in order to fit and remove.

ArtNo.	Description	Price
0030	polished	€ 19,80
0010	anodized	€ 19,90
0020	black anodized	€ 19,95
10011	O-ring	€ 1,20

Key holder with emblem

Useful key holder made of knurled aluminium, polished on top, with our emblem.

Just slot in the „Emergency key“ and fix with a setscrew. 0076 : Also possible to hook in a carabineer.

ArtNo.	Description	Price
0075	polished without eye	€ 19,70
0076	polished with eye	€ 28,50

Rear wheel hub cap

For spoke wheel made of aluminium natural anodized or polished: rear wheel hub cap with all parts needed to fit it Fits for R850/1200C.

[You can download how to install it online](#)

ArtNo.	Description	Price
0150	polished	€ 39,80
0250	anodized	€ 39,90

Rear wheel centre cover

A cover made of aluminium with emblem.
The mounting is quite easy: just put it into the hole of the wheel. Perfect fit is guaranteed by an o-ring.

There are different drillings in the 5-spoke aluminium wheel (please measure!).

ArtNo.	Description	Price
0-300-1	Size 32,3 anodized	€ 18,90
0-301-1	Size 30,5 anodized	€ 18,90
0-303-1	Size 31,8 anodized	€ 18,90
0-300-0	Size 32,3 polished	€ 18,80
0-301-0	Size 30,5 polished	€ 18,80
0-303-0	Size 31,8 polished	€ 18,80

Camshaft lid

Made of high quality aluminium and fits all four valve twins as a replacement for the original plastic cap.

The delivery occurs as a set of two caps with the o-rings and screws.

ArtNo.	Description	Price
0160	1 Set polished	€ 29,90
0360	1 Set anodized	€ 29,95
60010	S/S Round Head Screws (you need 4 screws)	€ 0,40

Telelever end caps

These telelever end caps add a new optical highlight on your BMW.

Nice form and robust material.

Always sold as a set in polished or anodized version.

ArtNo.	Description	Price
0090	1 Set polished	€ 26,70
0290	1 Set anodized	€ 26,90

Centre cap top yoke

Fits for R850/1200C & I. You can also use a BMW emblem. It is made of high-quality aluminium and polished. It is no visible difference between our polished and cromiumplated parts. The advantage of our polished products is their colour resistance. They won't change their polished look even after extreme atmospheric conditions. Another advantage of our polished parts is that no cromium can flake off. Because of this we improved our polished methods and did without cromiumplating.

ArtNo.	Description	Price
0085	high polished	€ 23,90

Toolbox

Toolbox for R 850/1200 C until 2003 model.

The polished pipe is made of stainless steel with two polished aluminium caps. It fills that void between the rear mudguard and the rear shock and provides a waterproof place for tools, maps or any other small items. It bolts to the rear mudguard bracket on the frame (screws included). The end cap unscrews and seals with an o-ring. Not for models with Suspension and Hydraulic preload adjustment

ArtNo.	Description	Price
0230	high polished	€ 129,90

Swing arm Pivot Cover right

This Swing arm Pivot Cover for the right side is a very nice replacement for the original. Made of high quality aluminium and polished.

Fit for R850/1200C.

ArtNo.	Description	Price
0348	high polished with emblem	€ 25,50
0348-1	high polished without emblem	€ 21,90

Swing arm Pivot Cover left

Swing arm pivot cover for the left side.

Fits for R850/1200C.

ArtNo.	Description	Price
0349	high polished with emblem	€ 25,60
0349-1	high polished without emblem	€ 22,90

Shift lever enlarger

It is nicely machined of aluminium and polished.

The special shape gives a very good grip. Just lube up the rubber with a bit of soapy water and slip it on. It will stay put.

Fits for R850/1200C & R1200CL bikes.

ArtNo.	Description	Price
0197	polished	€ 20,90
0397	polished with O-Rings for better grip and racing look	€ 22,90

Kickstand

For BMW R 850/1200 C, Montauk, Independent and CL. Perfectly suitable for removing the wheels. Saves tyres in winter. Very easy to store because of its removable bar end.

ArtNo.	Description	Price
cruiser07	Kickstand	€ 82,00

Chrome cap I

The chrome caps for the gear oil filler screw are an optical improvement for your BMW.

You simply push them on. The caps fit into the gear oil filler screw with Allen head and will fit any other screws with the same Allen size.

ArtNo.	Description	Price
0500	Big chrome caps	€ 4,25
0501	Small chrome caps	€ 3,75

Chrome cap II

Chrome cap II was created for covering the gear oil filler screw.

Like cap I it is just pushed on and fits perfectly.

ArtNo.	Description	Price
0502	Chrome cap II	€ 3,80

S/S screws

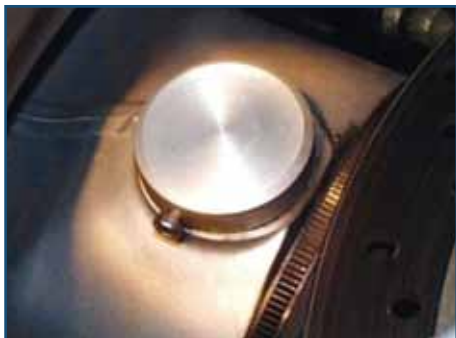

Brake fluid - & clutch reservoir

get a new look with these 4x S/S screws

70070: For all (elderly) Bikes with a hydraulic brake and no hydraulic clutch

70075: For all (newer) Bikes with a hydraulic brake and a hydraulic clutch

ArtNo.	Description	Price
70070	4 x M5x16	€ 3,95
70075	4 x M4x16	€ 3,95

Paralever pivot cap

Effective prevention of dirt is guaranteed by this paralever pivot cap.

Highest quality and a perfect look anodized aluminium.

ArtNo.	Description	Price
0070	anodized	€ 12,90

Mirror Heightening

Our Mirror Heightening are the perfect solution when you see mainly your shoulders in the rear mirrors. The mirrors will be moved 2,5 centimeters higher and that creates the necessary space in order to improve the view to the back.
Fit for R1200C.

ArtNo.	Description	Price
BK 00	Mirror Heightening 1 Set	€ 19,90

Mirror-catch-cable

These cables are very easy to install and at the same time very effective. They protect the cables to the indicators and ensure that they wont break, even in an accident. You will save a lot of money as a new mirror for your bike isnt cheap.
Delivered as a set with fitting instructions.
Fit for R1200CL.

ArtNo.	Description	Price
0600	Mirror-catch-cable 1 Set	€ 7,95

GPS Mounting

Bolt + Ram-Ball

CNC machined for TomTom Rider 2 and Garmin Zumo.

You can mount all Ram-Mounts on the Ram-Ball.

RAM mount secured so that the NAVI longer comes to the centre of the handlebars. Otherwise, the mirror is covered. See: Art-No.: NH 3 / 1

Colour: Black

Fit for R1200CL.

ArtNo.	Description	Price
NH 1/5	GPS Mounting black	€ 24,95

GPS Mounting

Handlebar mounting for 24mm or 28mm handlebars + Ram-Ball with M10 x 1,25 thread;

CNC machined for TomTom Rider 2 and Garmin Zumo.

Ram-Ball mount may be used for many other items, too.

Colour: Chrome

Fit for R1200C und R1200CL.

ArtNo.	Description	Price
NH 1/3 c 24	GPS Mounting 24mm	€ 49,95
NH 1/3 c 28	GPS Mounting 28mm	€ 49,95

LED indicator panels

Fits for R850/1200C & Montauk.
Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate.
The LEDs flash yellow. Sold in pairs.

ArtNo.	Description	Price
20101-01	1 Set LED indicator panels	€ 85,60

WP suspension front & rear

Our WP suspensions will be specially adjusted for you!

Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

You can choose any spring colour you like.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion)

Suspension rear: adjustable rebound preload adjuster

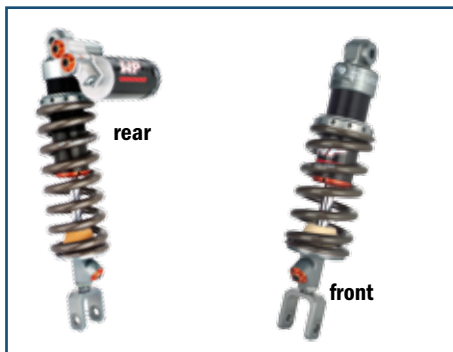

Suspension front: preload adjuster, 16 positions

For riders wanting the upmost from their machine Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life

Lightweight through use of high quality materials

Adjustable length is standard

Recognised safety certificate

ArtNo.	Description	Price
17.06.S7.54	Spin suspension with fixed reservoir Only for model -2003	€ 899,00
17.06.S9.54	Emulsion suspension	€ 549,00
17.06.S9.55	Emulsion suspension front	€ 549,00

Change front and rear seat

The drivers and pillion rider s seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider s comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations care for a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now. The seats are slippage related material.

Available in three heights

(please note in the comment with the article number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 189,00
sitzS	Pillion's seat black	€ 184,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

BMW R1100RT 94-00

BMW R1150RT 01-04

ArtNo.	Description	Price
Z7105	Crashbars ZTechnik	€ 299,00

Bar risers

This part will raise your handlebars 25mm, creating a more comfortable riding position, while enhancing the overall handling of your bike. Longer brake line not needed when installing these bar risers.

Windscreen

This transparent wind screen with edge protection fits your R 1100, 1150 RT.

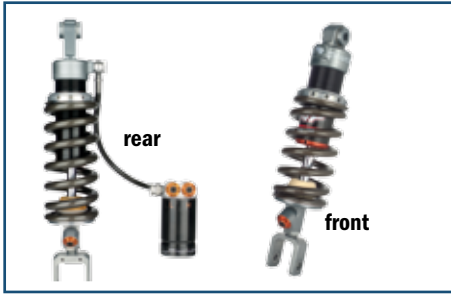

Size (H x W x T): 480mm x 508mm x 6mm

Height, measured from the bottom edge.

Installation as per original screen.

ArtNo.	Description	Price
D241ST	Windscreen	€ 119,90

WP suspension front & rear

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

The Fusion as well as the Emulsion suspension can be combined with the hydraulic preload adjustment. (productnr. /02)

For extra charge you can choose any spring colour you like.

High/Low speed compression separately adjustable, each 16 times (256 possibilities) (only Spin and Fusion)

Suspension rear: adjustable rebound
preload adjuster

Suspension front: preload adjuster, 16 positions

For riders wanting the upmost from their machine
Exceptional cooling properties due to the use of heat diverting aluminium alloys, therefore constant shock absorption and longer life

Lightweight through use of high quality materials

Adjustable length is standard

Recognised safety certificate

For BMW R1100RT.

ArtNo.	Description	Price
17.06.P9.67	Emulsion suspension rear	€ 549,00

Sebring Twister

R 1150 RT 99 model or newer Type R22/AV, 0419/A
52/70 kW

Slip-on incl. front exhaust silencer, Twister, with EG/ABE.
Choose the cover you like most! The exhaust is very easy to install and much lighter than the original one. But the most important argument is the deep and throaty sound combined with more power and more torque throughout the whole speed range. Real driving pleasure and of course with ABE (European Homologation)!

ArtNo.	Description	Price
TAT4001015	slip on, incl. VSD, without Cat., EG/ABE, Aluminium	€ 716,00
TCT4001015	slip on, incl. VSD, without Cat., EG/ABE, Carbon	€ 832,00
TTT4001015	Slip on, incl. VSD, without Cat., EG/ABE, Titanium	€ 832,00

You can find exhaust for the R1100RT
online: www.mhornig.com

Change front and rear seat

The drivers and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort:

Here, the seat is increased in the middle front part to inhibit a cramped position.

These alterations care for a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

The seats are slippage related material.

Available in three heights
(please note in the comment with the article number):

- 1: like your original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

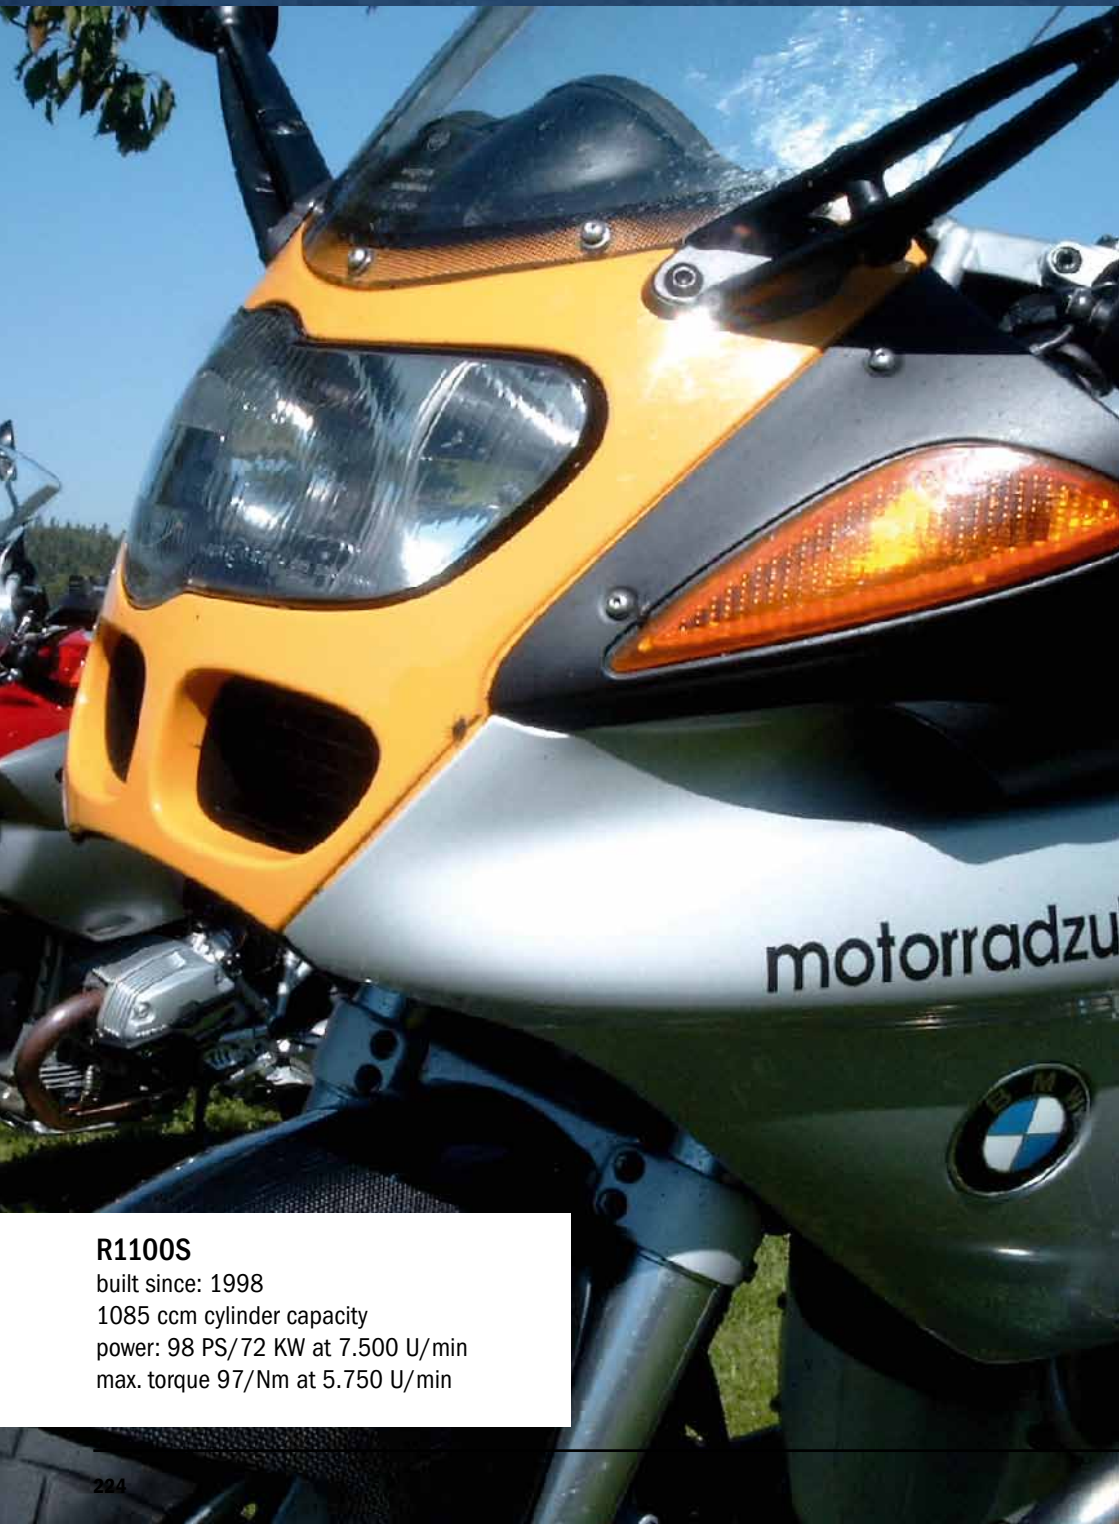

It's possible to change the seat with heater.
Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 189,00
sitzS	Pillion's seat black	€ 184,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

You need a Tank bag, Tear Seat Bag, Duffel Bag,
Inside Bag, Universal Bag or Tool Bag?
You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

R1100S

built since: 1998

1085 ccm cylinder capacity

power: 98 PS/72 KW at 7.500 U/min

max. torque 97/Nm at 5.750 U/min

GPS Mounting

Bolt + Ram-Ball

CNC machined for TomTom Rider 2 and Garmin Zumo.

You can mount all Ram-Mounts on the Ram-Ball.

RAM mount secured so that the NAVI longer comes to the centre of the handlebars. Otherwise, the mirror is covered. See: Art-No.: NH 3/1

Chrome cap V

The chrome cap V for the speedometer adjustment is an optical improvement for your BMW.

You simply stick it on e.g. with Uhu or Silicon.

If you have no silicone at home you can also order our high quality silicone which is pre-filled in the volume you need and easy to dose.

ArtNo.	Description	Price
0508	Chrome cap V	€ 1,70
s2ml	Silicone 2ml	€ 0,40

Hardware kit

The original black screws on your motorcycle fairing lose a little bit of crispness each time they are screwed in or out.

These stainless and polished screws look great and remain that way for years.

This is the complete kit for all screws, with mounting instruction, for all R1100S.

ArtNo.	Description	Price
70030	R1100S	€ 16,50
0421005	transp.Shim Ø 5,3mm	€ 0,14
0421006	transp.Shim Ø 6,4mm	€ 0,14

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!
BMW R1100S 98-05

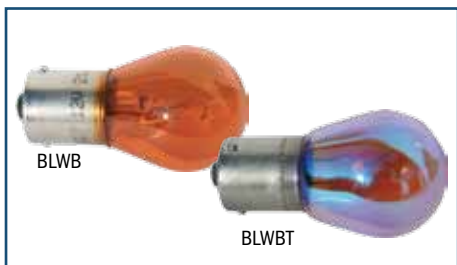

ArtNo.	Description	Price
Z7105	Crashbars ZTechnik	€ 299,00

Clear indicator lens front

Clear indicator lens for the R1100S with special orange coated bulbs. Sold as singles.

ArtNo.	Description	Price
7658967	for the left side	€ 49,90
7658968	for the right side	€ 49,90

Indicator bulb

Either orange or special coating. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB	orange 12V/21W	€ 2,45
BLWBT	special coated 12V/21W	€ 9,90

LED turning signal

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate.

It is the complete turning signal and has a homologation.

So it is the first road legal LED for BMW bikes!

The LEDs flash yellow. Sold in pairs.

ArtNo.	Description	Price
0917	1 pair with clear lenses	€ 99,95
0917-g	1 pair with grey lenses	€ 99,95

Clear indicator lens rear

These clear indicator lenses give your BMW a quite sporty look.

Supplied as pairs but if you want, also as single items.

Amber bulbs included!

ArtNo.	Description	Price
L30103	1 Set Clear indicator lens	€ 18,95
L30103-g	1 Set Grey indicator lens	€ 18,95

LED tail light panel

Far brighter than the standard set up!

Fitted in seconds by anyone.

Features up to 24 red high intensity LEDs and (if necessary) 4 white ones for the number plate.

Will suit models with or without ABS fitted.

ArtNo.	Description	Price
10102-01	without Integral ABS	€ 82,90
10102-02	with Integral ABS	€ 96,50

LED Taillight

Complete Taillight with integrated LED-board for simply exchange! Road legal.

For bikes with and without ABS (Int. ABS).

ArtNo.	Description	Price
WLL-53-L	LED Taillight	€ 89,90
WL-53	Taillight lens (only lens)	€ 53,90

Carbon Rear Hugger

Provides ultimate carbon protection for the rear shock absorber. The best fit possible is provided by an aluminium fastener.
Spend less time cleaning - more time riding!
With ABE.

ArtNo.	Description	Price
010.10.12	Rear Hugger	€ 219,00

Carbon Front mudguard

Front mudguard carbon (front & rear part) Made of pure carbon fibre! Completely out of carbon fibre unlike the original one!

ArtNo.	Description	Price
110050	Front mudguard	€ 229,90

Carbon turn signal housing

Extremely light material although more robust than the original part.
One set consists of two housings.

ArtNo.	Description	Price
110090	Turn signal housing 1 Set	€ 359,80

Carbon starter cover

This starter cover made of carbon fibre will surely become the latest highlight on your BMW. It fits all GS-models. Looks even better in combination with other carbon parts.

ArtNo.	Description	Price
110330	Starter cover	€ 179,00

Dash pad

Cham. The Motorcycle Accessory Hornig GmbH presents their BMW R1200GS conversion at the beginning of the new motorcycle season. The R1200GS is available since 2004, but BMW launched a face lift model in 2008 of the most popular bike in the world. The company Hornig from the Bavarian forest developed among other parts Extra Lights for the new R1200GS in order to have a better view at night but also be seen more easier and faster from other car drivers. These Extra Lights are mounted under a special side cover which can be made of GRP or Carbon Fibre.

Consistent with the red painting a red Rear Hugger was mounted, which not only protects the legs of the rider and pillion rider from water but also the whole bike from dirt and spread water.

Also the seat was changed and the new V-Stream windscreen ensures the wind protection on longer trips.

Many other items provide small but very useful extras for example the GPS Mounting above the Speedo, the Chrashbars, the Side-stand heightening and the mirror extensions. The handle bar risers provide not only more comfort when you sit on the bike but also when you stand on it while you drive off road and many small aluminium items made from the company Hornig round out this R1200GS conversion.

GPS Mounting 1

Made of high quality aluminium CNC machined. No drilling necessary.

The windscreen can still be used in all positions.

For Garmin SPIII, SP26**, 2720, Zumo 550, Zumo 660 and Nüvi.

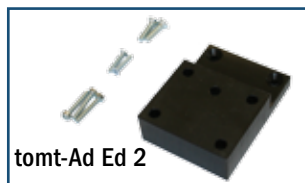

SP26** & 2720 owners will need to purchase the Garmin Motorcycle Mount, available from: Global Positioning Systems.

The „Zumo-Ad schraeg“ is an angular adapter for all Garmin Navigators and can be used by riders who are taller than 180cm to improve the view of the navigator.

Also suits Garmin Quest using

Garmin Part: 010-10610-00

0065	polished (without emblem)	€ 18,95
0265	anodized (without emblem)	€ 18,95

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!
BMW R1200GS 04-09

ArtNo.	Description	Price
Z7101	Crashbars ZTechnik	€ 299,00

Engine cover

Made of 3mm aluminium with the latest laser-cutting and bending technology. Available in 2 versions (with/without grid) with 2 colours (natural/black anodized). Easy and fast mounting to the original attachment points.

1 Set (for left & right side) incl. fasteners and install instructions.

Note: Not with a Crashbars combined.

Fits all R1200GS bikes from 2004-2009!

ArtNo.	Description	Price

Fork tube cover

Nice looking cover for the fork tube which works as a replacement for all plastic caps, kept firmly in place by an o-ring.

In order to replace all plastic caps you get 2 covers in a set.

ArtNo.	Description	Price
0120	1 Set polished	€ 19,90
0220	1 Set anodized	€ 19,95
0221	1 Set black anodized	€ 22,90

Crashbars

Our crashbars are made of high-quality steel and are special designed for your R 1200 GS models.

The crashbars are designed very robust and allow for an equal distribution of the forces by what you and your bike are protected in the best possible way.

The crashbar can also be combined with our Fairing-Crash Bars and the Auxiliary Light Kit.

Crashbars offer a very good protection but they can lower the bank.

ArtNo.	Description	Price
SBL.07.562.100	Crashbars silver (04-*)	€ 194,95
SBL.07.562.10100/B	Crashbars black (04-*)	€ 194,95

Part 3

The Footpeg will be mounted to the Vario Plate.

The Super Grip Footpegs are available in silver with black rubber.

The Racing Footpegs are available in black or silver. All Items sold as a set for left and right.

Frame Infill Panels

Explore those wide open spaces on either side of the R1200GS and then use the stylish frame infill panels to cover and enhance.

Designed to hook behind the lower frame rail and locate under the edge of the seat at the top. No fixings are necessary, but optional use clips are supplied for the 'belt and braces' customer.

Available in a silver or satin black finish.

DOES NOT FIT WITH THE BMW GENUINE LOW SEAT ADD-ON ACCESSORY!

ArtNo.	Description	Price
240010B	Pair of side covers black	€ 99,90
240010A	Pair of side covers in silver	€ 99,90

Cockpit cover

The cockpit cover is attached directly under the wind-screen and disguises the free space between speedo and headlight unit. Powder coated cover and Stainless steel attachments all included in the set. Totally new optics for the R1200GS & Adv. with or without windscreen. The cover can be installed as well as the instrument screen (article number TT.01-044-0560-0).

ArtNo.	Description	Price
TT.01-044-0550-0	Cockpit cover 2004-2007	€ 27,90
TT.01-044-0552-0	Cockpit cover 2008-*	€ 27,90

Instrument screen

The instrument screen disguises the Speedo of the R1200GS & Adv. An additional electrical system plug socket with safeguard unit is integrated. Thus mobile telephones or GPS devices can be plugged directly into the cockpit without messy connecting cables halfway round the motorcycle. Direct connection allows use of devices without the ignition being switched on, a problem with the R1200GS. This screen is black powder-coated aluminium and combined with Stainless steel attachments.

ArtNo.	Description	Price
TT.01-044-0560-0	Instrument screen 2004-2007	€ 39,90
TT.01-044-0563-0	Instrument screen 2008-*	€ 39,90

Speedometer Cover

In order to customize your BMW R1200GS's or R1200GS Adventure's speedo. Made of milled or laser cutted aluminium, polished or anodized.
Very easy to mount with usual silicon. An install instruction is included in the set for the speedo and the revolution counter.

ArtNo.	Description	Price
0411	1 Set polished	€ 74,90
0411-1	1 Set anodized	€ 74,95
s10ml	Silicone 10ml	€ 0,80

Axle pivot Cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price
0072	polished	€ 21,90
0172	anodized	€ 21,90
0272	black anodized	€ 21,90

Frame cover

This cover for the open hole beyond the swing arm pivot is made of aluminium and available in different versions. It gets fixed on the right side.

ArtNo.	Description	Price
0340	polished	€ 12,45
0440	anodized	€ 12,70
0441	black anodized	€ 12,80

Adjustable shift lever

The individually adjustable shift lever offers the optimum fit that the original shift lever does not. Shift lever has hinged end with return springs, helping to reduce damage.

Forces which affect the shift lever are transmitted less strongly to the control shaft.

If the hinged shift lever should be bent somehow, it can be bent straight very easily.

ArtNo.	Description	Price
TT.01-044-0432-0	Adjustable shift lever	€ 41,90

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling!
The lower temperature is based on the special angles of the drillings, which cause a little bit more concentrated air flow, but don't be worried it doesn't affect the drivability of your BMW.

ArtNo.	Description	Price
0116	polished	€ 61,90
0216	anodized	€ 62,90
0316	black anodized	€ 63,40

Handle Bar Risers 1200GS & Adv. 04-07

Handlebar adapter lifts 40 mm higher and 40 mm nearer, or only 30 mm higher. A change brake hose is not necessary with this modification.

(R1200GS until 2007 model)

ArtNo.	Description	Price
K.LAR1200	Handle Bar Risers 40mm & 40mm closer to the rider	€ 105,95
040-0274	Handle Bar Risers 30mm	€ 49,00

Handle Bar Risers R1200GS & Adv. 08-*

There are 20mm and 40mm versions of this part, which roughly equates to 3/4 inch and 1-1/2 inch respectively. The 40mm set consists of double blocks and longer bolts as can be seen in the image below. The shape and finish of the risers complements the existing parts well. The ability to turn the upper portions of the clamps by 180 degrees is retained.

You need for the mounting E10 and E12.

ArtNo.	Description	Price
LAR12/08/20	Handle Bar Risers 20mm	€ 39,90
LAR12/08/40	Handle Bar Risers 40mm	€ 59,90

Synto brake- and clutch lever

Carbon Tank Centre Panel

Fits for R1200GS MY 08-*

You see on the picture just the centre panel of the tank without any other covers made of high quality carbon fibre and covered with clear varnish for protection.

ArtNo.	Description	Price
TAO.066.120GS.K	Tank Centre Panel	€ 399,90

Carbon Handguards

Fits for R1200GS & Adv. MY 08-*

These handguard scarfs are made of high quality carbon fiber which is usually only used in professional motor-sport. They are made for replacing the original scarfs. The article is sold in a set for the left and for the right side.

ArtNo.	Description	Price
HPR.064.120GS.K	Handguards Scarfs (1 Set)	€ 199,90

Carbon Handguards

Fits for R1200GS & Adv. 04-07

Like all our carbon fibre parts, it is very light but extreme tough and it isn't easy to find comparable parts. Looks enormous great in combination with other carbon parts.

ArtNo.	Description	Price
110640	Handguards (1 Set)	€ 319,90

Carbon Side Covers

Fits for R1200GS MY 08-*

These Side Covers are completely made of high quality carbon fibre. This material is usually only used in motor-sport because it is very light but also very resilient. These items are sold in a pair for the left and right side with an ABE/Street homologation.

ArtNo.	Description	Price
TAS.065.120GS.K	Side Covers (1 Set)	€ 649,90

Carbon Tank cover

Fits for R1200GS MY 04-07 and Adventure all models.

The tank cover is made of carbon fibre and fit exactly on the R1200GS.

ArtNo.	Description	Price
200.10.11	Tank cover	€ 339,90

Carbon Tank side cover

These Tank Covers are made of high quality carbon fibre. This exclusive tank cover shows that you're aware of the privilege of riding a BMW. They are sold in a pair for the left & right side.

The BMW emblems will stay in place and can't be stolen again.

For your BMW R1200GS MY 2004-2007.

ArtNo.	Description	Price
110590	1Set Tank side cover	€ 629,90

Lower Carbon Side Cover

Fits for R1200GS MY 08-*

These Lower Carbon Side Covers under the front part of the seat are made of high quality carbon fibre. They are bigger than the original plastic parts and protects the injections of your BMW R1200GS very good.

They are always sold in set for the left and right side.

ArtNo.	Description	Price
ASR.069.120GS.K	Lower Carbon Side Cover (1 Set)	€ 279,90

Carbon Beak

With this carbon fibre beak you can very easy exchange the original plastic beak of your BMW R1200GS and R1200GS Adventure MY 2008-.* and add some special material to your bike which is usually only used in the Formula 1.

ArtNo.	Description	Price
SV0.067.120GS.K	Beak	€ 389,90

Carbon Rear Hugger

Provides ultimate protection for the rear shock absorber!
Spend less time in cleaning, more time riding!
The best fit possible is provided by an aluminium fastener, with or without ESA.

If you ride your BMW R1200GS with side cases you need special clamps for the luggage rack (see Product Choice below).

With EU-Homologation.

ArtNo.	Description	Price
KHO.061.120GS.K	Rear Hugger GSA and GS without ESA	€ 229,90
KHO.063.120GS.K	Rear Hugger for GSA and GS with ESA	€ 239,90
SKO.062.120GS.A	Set (2) clamps for Luggage rack GS	€ 39,90
SKO.063.12GSA.A	Set (2) Clamps for Caseholder GS Adventure	€ 39,80

Rear Hugger

Fits between the rear shock and wheel and extends rearwards to finish near the end of the exhaust.
Designed specifically to keep road debris & water from the backs of riders/passengers legs, shock, gearbox, battery and centre stand. Developed for the street but suitable for off-road to a limited extent.

If you ride your BMW R1200GS with side cases you need special clamps for the luggage rack.

(See: KHO.063.120GS.K or SKO.062.120GS.A)

Fits all R1200GS MYS.

There is a video for this product online: www.mhornig.com

ArtNo.	Description	Price
40089	Rear Hugger black primed	€ 198,90
SKO.062.120GS.A	Set (2) clamps for Luggage rack GS	€ 39,90
SKO.063.12GSA.A	Set (2) Clamps for Caseholder GS Adventure	€ 39,80

Carbon Front Mudguard

It is perfect customised for the R 1200 GS.

With its widening in the back it almost stops the water splashes.

Dirt and mud can't stay at the front fender because it has no footbridges.

Weight ca. 184 gram light but very solid. Including ABE.
For all R1200GS models.

ArtNo.	Description	Price
110560	Front Mudguard	€ 239,90
KVO.060.120GS.K	Front Mudguard 17"	€ 279,90

Carbon Brake line cover

This cover protects the brake line of your R1200GS (all MYs) in the best possible and the best looking way.

ArtNo.	Description	Price
110680	Brake line cover	€ 99,90

Heel guards carbon fibre

Heel guard for the right made of carbon fibre.

A small but highly visible enhancement.

Easy to install.

Protects rear brake cylinder from damage. Fits all R1200GS MYs.

ArtNo.	Description	Price
110670	Heel guards carbon fibre	€ 89,90

ABS resin mud guard

This solid rear hugger is made of ABS resin plastics and provides perfect protection for your suspension, your exhaust, your header and for the whole rear part of your bike. Not to forget your pillion rider!

Everything you need to install it is included.
With ABE (European homologation).

ArtNo.	Description	Price
5055N	ABS resin mud guard	€ 184,00

Extra Lights

You can mount our extra lights which are Hella fog lights with our side fairings made of glass fibre (white primed) instead of the original metal side fairing on your BMW R1200GS MY 2008-.*.

You will not only be better seen but your bike will also look much better!

Shipment:

- 1x Handle Bar Switch
- 2x Fog Lights
- 2x Stainless Steel Mountings
- 1x Wire Set
- 1x Mounting instruction with colour pictures
- 2x Side Fairings in GRP

There is a video for this product online: www.mhornig.com

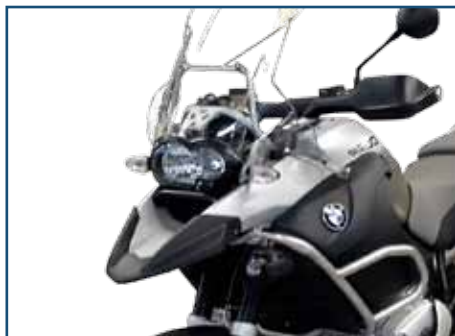

ArtNo.	Description	Price
69001	Extra Lights with GRP Fairing	€ 499,00

Beak enlargement

Give your GS a very sporty and distinctive look with this beak enlargement.

It is very easy to install without any modifications.

ArtNo.	Description	Price
7694390	Beak enlargement for R1200GS 04-07	€ 49,00
7705386	Beak enlargement for R1200GS 08-*	€ 49,95

Extenda Fender

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly. Made of tough ABS plastic the extender attaches to the original fender with stainless steel screws which are of course included.

ArtNo.	Description	Price
054160	Extenda Fender	€ 28,90

Carbon Alternator cover

Extremely robust, nice cover for the alternator.

It is produced of light carbon fibre and quite easy to install.

Fits all 4V-boxer.

ArtNo.	Description	Price
110580	Alternator cover	€ 199,90

Carbon Engine Sump guard

This engine sump guard is extremely light (just 282 gram!) although its very tough.

It was especially designed for the R 1200 GS and not only looks perfect but is also suitable for hardcore off road riding.

It passed all our tests and is virtually indestructible. For all R1200GS MYS.

ArtNo.	Description	Price
110620	Engine Sump guard	€ 289,90

Carbon Rear Hugger HP2 Megamoto

Provides ultimate protection for the rear shock absorber. Spend less time cleaning, more time riding!

ArtNo.	Description	Price
KHO.001.HP2ME.K	Rear Hugger	€ 269,90

Carbon Engine Spoiler HP2 Megamoto

Made of high quality carbon fibre. Easy to install. Incl. all fasteners and install instructions.

ArtNo.	Description	Price
VEU.002.HP2ME.K	Engine Spoiler	€ 849,90

Carbon handguards HP2 Megamoto

Like all our carbon fibre parts, it is very light but extreme tough and it isn't easy to find comparable parts. Looks enormous great in combination with other carbon parts. Fits BMW HP2 Megamoto.

Complete set for left and right. You need the original BMW Mounting in order to mount it.

ArtNo.	Description	Price
HPR.003.HP2ME.K	Handguards (1 Set)	€ 339,90

Carbon Speedo coating

Now you can easily change the boring and simple look of the speedo with our new sporty carbon pigment speedo. You can choose between a carbon pigment covered speedo or you can send us your speedo and we'll cover it.

ArtNo.	Description	Price
cf-tachor12gs-d	We coat your speedo	€ 69,90
cf-tachor12gs	coated speedo	€ 172,90

Carbon Headlamp surround

Just like the speedo we can cover any water resistant surface with carbon fibre pigment like the „glasses“ of the R1200GS. You can choose again between the covered „glasses“ or you can send us your one and we'll cover it.

ArtNo.	Description	Price
cf-brille-d	We coat your headlight surround	€ 65,90
cf-brille	Carbon headlight surround	€ 96,90

Suspension protection

Just like the speedo we can cover any water resistant surface with carbon fibre pigment like the suspension protection of the R1200GS. Send us your suspension protection and we'll cover it for you.

ArtNo.	Description	Price
cf-federbs-d	We coat your suspension protection	€ 46,90

Additional information is available online: www.mhornig.com

Coating of the Spark Plug Covers

Just like the speedo we can cover any water resistant surface with carbon fibre pigment like the sparking plug covers. You can choose again between the covered covers or you can send us your cover and we'll cover them for you.

ArtNo.	Description	Price
cf-zuekabd-d	We coat your cover (1 piece)	€ 45,90
cf-zuekabd	Cover with Coating R1200GS 04-09 (1 p.)	€ 59,60

Cylinder protectors coated

Just like the speedo we can cover any water resistant surface with carbon fibre pigment like the cylinder protection. You can choose again between the covered protections or you can send us your protection and we'll cover them.

ArtNo.	Description	Price
cf-zyylinder-d	We cover your protection (1 piece)	€ 82,90
cf-zyylinder	Protection with Coating R1200GS 04-09 (1 p.)	€ 172,90

Air Deflector

These air deflectors for left and right side help keep the wind from your arms and shoulders. Sold in a set for the left and right.

The holes for the screws are not in the original fairing of the R1200GS. These are very easily drilled.

ArtNo.	Description	Price
399+400	Air Deflector	€ 44,40
ha-windabw-r12gs	Fastening for the air deflectors	€ 5,90

Windscreen Adventure

This windscreen is not only wider in the lower part than the original one but also higher.

That means this windscreen provides perfect protection for longer tours with a real off-road optic.

Dimensions: height 465mm; wide top 385mm; wide middle 340mm; wide „bottom“ 510mm.

The fastening for the R1200GS must be ordered extra.

Art-Nr.: 699349

ArtNo.	Description	Price
703196	Windscreen Adv. clear	€ 216,90
7708532	Windscreen Adv. smoke grey	€ 219,90
699349	Frame, truss and fastening set for R1200GS	€ 190,90

Vario Screen

The VarioScreen can be adjusted by angle or height. This screen has an additional wind channel.

Because of the wind channel and the adjustment facility, this screen can be adjusted to suit the requirements of the rider.

Height 450 - 500mm.

Fits for R1200GS & Adv. bikes.

ArtNo.	Description	Price
V-r1200gs-rg	Vario screen smoke grey	€ 159,90
V-r1200gs-k	Vario screen clear	€ 159,90

V-Stream Windshield

The „V-Stream“ Windshield set new standards for design, technology and comfort.

Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual Acrylic.

Windshield V-Stream, clear, with homologation,

For all R1200GS bikes.

ArtNo.	Description	Price
115108	Clear, Height 41cm, Width 41cm	€ 159,00
Z2243	Clear, adjustable, Height 41 cm, Width 41cm	€ 339,00
Z2414	Clear, Height 49cm, Width 45cm	€ 229,00

Sebring Twister

R1200 GS 04-09 model or newer, Type R12, 73.5 kW and R1200GS Adventure 06-09.

2 versions with 3 covers each

Choose the cover you like most! The exhaust is very easy to install and much lighter than the original one. But the most important argument is the deep and throaty sound combined with more power and more torque throughout the whole speed range. Real driving pleasure and of course with ABE (European Homologation)!

ArtNo.	Description	Price
TAT1032	slip on, with EG/ABE Aluminium	€ 444,00
TCT1032	slip on, with EG/ABE Carbon	€ 554,00
TTT1032	slip on, with EG/ABE Titanium	€ 554,00
TAT3101032	Exhaust system without cat., Aluminium	€ 944,00
TCT3101032	Exhaust system without cat. Carbon	€ 1048,00
TTT3101032	Exhaust system without cat., Titanium	€ 1086,00

Remus HexaCone

More than 2kg lighter compared to the original exhaust. Not only nice for the eyes but also powerful sound - the HexaCone.

Available with two covers: Carbon Fibre or Titanium and two insides: Full Titanium or normal

There is a video for this product online: www.mhornig.com

You can find more exhausts from Laser, Sebring, BOS and suspensions front & rear for the R1200GS, Adv. and HP2 online: www.mhornig.com

WP EDS II System

Our WP suspensions will be specially adjusted for you! Because of this please inform us about your weight with clothes and helmet, the weight of your luggage (perhaps pillion rider), where you ride (street, off-road, race) and how you ride (sport, touring, and so on) in the „comment“ of your order.

For extra charge you can choose any spring colour you like.

You now have the option to control the settings of your suspension with the touch of a button. The EDS system comes complete with all necessary parts, including bracket for the control module and an ECM. For all R1200GS bikes.

[There is a video for this product online!](#)

ArtNo.	Description	Price
11.06.Y0.01	EDS II System front & rear	€ 1699,00

Change front & rear seat

For all R1200GS & Adv. bikes

The drivers and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations care for a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

Available in three heights

(please note in the comment with the article number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

**You must send
your seat
to us!**

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 189,00
sitzS	Pillion seat black	€ 184,00

Change one-piece seat

A distinct fluting (middle of the seat is deepened) releases the driver's tailbone and disperses the driver's weight all over his bottom. Also, the seat gets broadened for ca. 15 mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. Special contours for the pillion's seat avoid the slipping when the driver has to brake.

Available in three heights

(please note in the comment with number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

ArtNo.	Description	Price
sb	Change one-piece seat black	€ 289,00

Inside Bag, Universal Bag or Tool Bag?
You can find it under SOFT BAGS in the catalog
and online: www.mhornig.com

R1200R

built since 2006

1170 ccm cylinder capacity

power: 109 PS.

max. torque 115 Nm at 6.000/min.

R1200R Customisation

The Roadster leaves the factory as a purist bike, allowing loads of scope to enhance and modify.

Our philosophy with this model was to create a more sport oriented look, yet keeping to a discrete look with parts that are easy for the owners to fit themselves.

The concept is the product of a Spanish designer, ensuring that all elements combined into a cohesive whole. The result is an R in classic black with red stripe highlights and a few modifications.

A race sound is achieved by fitting a Remus PowerCone in Titanium, accenting well with the other aluminium parts fitted as well as increasing power by up to 4hp.

An extra sporty touch is the addition of a GRP spoiler, which may also be fitted with a front grille. It is still possible to use the centre stand, so ease of use remains unaffected.

A rear seat cover is available for those who travel solo. Also made of GRP this fits seamlessly into the design, but is quick and easy to remove for pillion use.

A small GRP screen, deliberately kept small to accentuate the purist Roadster character, nonetheless offers good wind protection, helping to reduce pressure on the neck on long journeys.

A rear hugger (GRP) stops dirt and splashes so that you arrive at your destination still relatively dry and clean. All GRP parts are supplied black primed (see picture) and can be painted in any colour if desired.

Small details are covers for the swing arm pivot, frame, fork tubes, final drive pivot, oil filler plug, rear axle, Telelever end caps and engine covers, all made of aluminium.

Mirror extensions improve the view to the rear. For increased rider comfort and safety gear and rear brake lever enlargements are fitted. The oil cooler is further protected with the addition of a cooler grille.

A side stand foot of black anodized aluminium offers safe parking anywhere.

In total this conversion offers a host of small highlights, all working together to create a distinctive sport look to the R1200R.

GPS Mounting

Handlebar mounting for 22mm handlebars + Ram-Ball with M10 x 1,25 thread;
CNC machined for TomTom Rider 2 and Garmin Zumo.
Ram-Ball mount may be used for many other items, too.

Colour: Black

With or without hinge in order to move your navigation system in the best position.

ArtNo.	Description	Price
NH 1/3 sw 22	GPS Mounting without hinge black	€ 34,95
NH 2/1 sw 22	GPS Mounting with hinge black	€ 44,95

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and doesn't give enough grip when they're shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in polished or anodized.

ArtNo.	Description	Price
0190	polished	€ 21,40
0390	anodized	€ 21,80
0195	polished with o-rings	€ 23,50
0395	anodized with o-rings	€ 23,90
19x3	O-ring	€ 0,65

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling! The lower temperature is based on the special angles of the drillings, which cause a little bit more concentrated air flow, but don't be worried it doesn't affect the drivability of your BMW.

ArtNo.	Description	Price
0116	polished	€ 61,90
0216	anodized	€ 62,90
0316	black anodized	€ 63,40

Number Plate Deflector

Made of 1mm high quality stainless steel. This guard is pre drilled to mount behind the rear number plate. It is very effective at keeping the luggage, pillion & rider clean of mud and dirt.

ArtNo.	Description	Price
42000	Width 200mm	€ 28,90
42001	Width 175mm	€ 28,90

Axle pivot Cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price
0072	polished	€ 21,90

Handlebar Risers MY *-2010

Handlebars rise by 25 mm for R1200R.

- For an upright and relaxed riding position
- Less strain on shoulders and wrists
- For sport bikes: Better standing, less exhaustive riding
- German TÜV Type Approval

When using the original BMW fog lamps, you also require our special screw set (040-0272).

ArtNo.	Description	Price
040-0265	Handlebar Risers 25mm	€ 39,90
040-0272	Special screw-set 2x M8 x 65 with M4 thread	€ 19,90

Handlebar risers R1200R 2011-*

You'll notice a definite decrease in the stress on your wrists and shoulders. Your trip will be safer; you'll arrive more relaxed.

The riser is installed between the handlebars and the upper fork brace. The longer screws required are included in the kit.

What's included:

- Handlebar riser, 20 mm high on the left and right or Handlebar riser, 32 mm high, offset 20 mm toward the rider on the left and right
- Longer mounting screws
- Installation instructions
- Technical component report

ArtNo.	Description	Price

R1200S

built since 2006

1170 ccm cylinder capacity

power: 122 PS

max. torque 112 Nm at 6800/min

Our conversion for the sportiest BMW Boxer ever takes a nod from its forerunner, the R1100S BoxerCup Replica.

For this bike we fit a specially developed GRP spoiler, useful for road and circuit, which adds to the race look.

The whole machine is repainted in Bo-xerCup colours and topped by a host of extras, all special to this model.

You will find a cooler grille, quick and easy to fit, side stand enlarger, new number plate bracket and mini indicators.

There is a new rear hugger, suitable for 180 or 190 section tyres, which works well to keep you and your bike clean.

Also of note are the adjustable footrests, white indicator lenses and a number of Aluminium parts.

GPS Mounting

Plug for BMW handlebars with inside diameter of 16mm. Just insert the CNC machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to the expansion fastener. The external diameter of the part where you mount your GPS is 22,5mm to fit almost any navigation system.

Colour: Chrome or Black

Ram-ball is also possible. Art-no.: NH 3/1

ArtNo.	Description	Price
NH 3 ch	Chrome Plug	€ 39,95
NH 3 sw	Black Plug	€ 39,95

GPS Mounting Ram Ball

Plug for BMW handlebars with inside diameter of 16mm. Just insert the CNC machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an expansion fastener. Almost any navigation system can be fixed on the Ram-ball of this GPS Mounting.

Colour: Black

ArtNo.	Description	Price
NH 3/1	Black Plug	€ 34,95

Front lifter

Our front lifter fits BMW R1200ST.
It is perfect for care, overwinter and servicing.
Made of steel 35x35mm, zinc-plated and quality
„Made in Germany“.

ArtNo.	Description	Price
2039-80	Front lifter	€ 99,90

Back lifter

Slide the rubber coated pipe of the Back lifter in the
final drive of your BMW and lift it up. Easy to use by one
person and very stable support for the bike.
Made of high quality steel. Diameter 42mm, zinc-plated.
The diameter of the rubber is 52,5mm.

ArtNo.	Description	Price
BT.heck-lifter	Back lifter	€ 89,90

Crashbars ZTechnik

ZTechnik's stainless steel Engine Guards will never rust
like powder coated steel guards. They are carefully
designed to allow clearance for oil changes or valve cover
access, so they never need to be removed. Guards attach
to the engine mounts not the engine covers to protect the
engine heads and not destroy them. Integrated top bra-
ckets on each guard allow the rider to mount accessory
lights, video cameras, or whatever they can imagine!

ArtNo.	Description	Price
Z7101	Crashbars ZTechnik	€ 299,00

V-Stream Windshield

The „V-Stream“ Windshield set new standards for design, technology and comfort. Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual Acrylic. The windscreen will be shipped with everything you need to mount it. With original handlebar are mirror extensions BK 02 required.

Windshield V-Stream, with homologation

ArtNo.	Description	Price

max. torque 112 Nm at 9.750 U/min

Superbike Handlebar

Sporty riding without carrying your whole weight on your lower arms is the dream of many riders. To meet this wish, a Superbike handlebar conversion has been developed which with its tapered handlebars and full black anodizing not only looks sophisticated but also ensures sporting performance with very little strain on the rider.

The Superbike handlebar fits all bikes with ABS. If your bike has no ABS you need to order the brake line kit. The brake fluid reservoir on the pictures doesn't belong to the shipment. The Superbike handlebar conversion includes all components necessary for fitting.

You can place your GPS in exact the position you want it to be with these Extra GPS Mounts.

The RAM-Ball Plate can be screwed to the X-Navi, Zumo 550, Zumo 660 or TomTom 1 and 2. Then you connect the RAM-Ball Plate with one of the Clamps (60 or 90 mm length).

When you want to mount the X-Navi in combination with one of the following GPS Mounts for the handle bar article no.: NH 1/5; NH 1/3 sw 22; NH 2/1 sw 22; NH 3/1; NH 1/3 c 24; NH 1/3 c 28; NH 3/2; NH 1/6; NH 3/1 15mm you need the RAM-Ball Plate and one of the Clamps.

ArtNo.	Description	Price
NHZ1	RAM-Ball Plate	€ 19,95
NHZ4-60	Clamp 60mm	€ 25,95
NHZ4-90	Clamp 90mm	€ 24,95
NHZS	Lock for Clamp	€ 34,95

GPS or Cam Mounting

Ram-Ball and mounting are CNC machined for TomTom Rider 2 and Garmin Zumo.

You can mount all Ram-Mounts on the Ram-Ball. If you want to install our GPS and Cam Mounting like you can see it on the other pictures you need just a longer screw. The hole in our mounting is 10,5mm large.

ArtNo.	Description	Price
NH 1/8	GPS or Cam Mounting	€ 19,95

GoPro HD Motorsports Hero Camera

GoPro's HD Motorsports HERO is the world's highest performance 1080p HD on-board video and still photo camera. Professional quality 1080p, 960p, and 720p HD resolutions record at 30 frames per second (60 fps in 720p). The HD Motorsports HERO easily mounts to any helmet, motorcycle, ATV, car, plane, jet ski, boat, snowmobile or other vehicle. The camera's quick-release mounting design makes it easy to re-position the camera around your vehicle for professional quality HD video from several angles.

Record up to 2.5 hours on a single charge and up to 9 hours total on a 32GB SD card (not included).

Included are mounts for two helmets and three vehicles, as well as a suction cup for maximum versatility and convenience. The housing is waterproof to 180' / 60m.

GoPro's obsession with sound has conquered the wind. At 85 mph on a motorcycle, you'll enjoy the throaty sound of your motor, not the wind. Inside even the quietest street cars, hear the pull of your motor...not the drone of the wind and road. Included is a 1100mAh rechargeable lithium-ion battery that lasts for up to 2.5 hours of constant recording. With optional accessories, you can also plug the camera into a wall outlet, cigarette lighter, or with any USB-compatible power adapter, wire it directly to your vehicle's electrical system. The battery will charge while you record.

The camera can also shoot automatic 5MP photos at 2/5/10/30 and 60 second intervals during your drive or ride, hands free. Press the shutter button once and record up to 2.5 hours of poster-print quality photos.

Waterproof to 180' / 60m and protected from rocks and other hazards thanks to its removable polycarbonate housing. Replacement housings and lens kits are available, making repairs or refurbishing your HD HERO camera affordable and convenient. It's a GoPro...go for it.™

What's Included:

- 1 HD HERO Camera (5 megapixel)
 - 1 Rechargeable 1100 mAh Lithium-Ion Battery
 - 1 Waterproof Quick-Release Housing (180' / 60 m)
 - 3 Flat, 3M™ Adhesive Mounts
 - 2 Curved, 3M™ Adhesive Mounts
 - 2 Quick-Release Buckles
 - 1 Vertical Surface "J-Hook" Buckle
 - 1 Suction Cup Mount
 - 1 Three-Way Pivoting Side Arm Assembly
 - 1 USB Cable
 - 1 Component Video (HDTV) Cable
 - 1 Composite Video + Audio Out Cable
- Warranty: One Year

ArtNo.	Description	Price
GoPro	GoPro HD Motorsports Hero	€ 349,00

BikeCam 2

BikeCam2 is a high quality easy to use motorcycle video system. Helmet or Bike mounted bullet camera recording systems for bikes, record with sound commentary via your StarCom1, great quality suitable for professional applications including training, racing, track days etc or just great fun for videoing your favourite rides.

The system includes a bullet camera with 3 types of mounting systems including a suction helmet mount. A mini DVR digital video recorder. 2x 1400mAh batteries and a 4GB SD memory card. The max. resolution of the camera is 720 x 576 pixel. This combination 4 GB SD card plus max. resolution lasts for 2 hours video.

Kits include:

- 1 x Bullet camera – Sony HAD CCD helmet/bike camera
- 1 x Camera suction mount kit

Interphone System F4

Characteristics:

- * Bluetooth v.2.1 EDR wireless technology
- * Windscreen and noise cancelling microphone
- * Full-duplex communication with DSP filter (digital cancellation of wind and background noise)
- * Unique piece made of microphone and headsets to guarantee the best resistance and stability
- * Dual stereo headset for high quality audio (the second headset is removable)
- * Excellent performance up to 180 Km/h
- * Fully waterproof
- * Automatic volume adjustment (adjusts automatically to suit speed and environmental noise)
- * Double fastening system: removable sliding clamp clip and adhesive slide support
- * The control unit can be easily removed
- * Lithium battery
- * Dimensions: 90x46x20 (mm)
- * Weight: 83g including ear phones and microphone

Capacity: * Communication up to 500 m

Performance: * Active use autonomy: up to 10 hours (indicative time of use alternating the various functions)

* Stand-by time: up to 700 hours * Recharge time: 3 hours

You need two pieces for driver & pillion rider or driver & driver.

Battery Exchange Service

Battery exchange service for the Interphone head sets (see pictures). Battery exchange service means that we replace your battery with a new one. That means you have to send us your Interphone!

skater-heavy	400 kg; 75mm high	€ 124,90

Side stand foot enlargement

Feel safer parking your bike on dirt or asphalt with a side stand enlargement! made of: aluminium
size: 12cm x 12cm

ArtNo.	Description	Price
0050	Side stand foot enlargement	€ 4,50

Throttle Rocker

Throttle Rocker is a device that easily wraps around the throttle grip of any motorcycle. It protrudes away from the grip so that the contoured portion fits comfortably against the heel and palm of the hand. Using the heel of your hand, the rider applies minimal downward pressure on the Throttle Rocker making the throttle rotate. Additionally, Throttle Rocker works as a resting place for the hand, reducing fatigue on long trips.

ArtNo.	Description	Price
80055	Throttle Rocker	€ 10,40

Loctite

Thread locking compounds are used throughout industry, especially in automotive applications, to provide an inexpensive and reliable way of ensuring that fasteners do not come loose. They are highly specialised liquid compounds that cure quickly to form a bond between the surfaces they join.

ArtNo.	Description	Price
L.10004020	5ml Loctite	€ 7,95

Battery Pole Fat

For battery-poles and electrical contacts, protects against corrosion. Volume: 50g.

ArtNo.	Description	Price
10004881	50g Battery Pole Fat	€ 3,95

Copper paste

High performance Copper Paste 100g. Resistant -30C to +1300C. Cold, hot and sea water resistant. An absolute must when you install new brake pads.

ArtNo.	Description	Price
L.10004267	100g Copper paste	€ 5,95

Anti Squeak Paste

The Anti Squeal Paste can be used for the whole brake system (bolts, pins, ...). It will avoid squeaking and contains no copper so it can also be used safely with ABS brake systems.

ArtNo.	Description	Price
L.10004882	35g Anti Squeak Paste	€ 3,99

Transmission oil

The AGIP transmission oils are extreme pressure gear oils recommended for hypoid gears operating under severe conditions and for very highly loaded gears in general, especially those subject to dynamic loads. These AGIP transmission oils meet the requirements of BMW's specifications.

We recommend: SAE 85W-140

ArtNo.	Description	Price
31312	SAE 85W-140 1 Litre	€ 12,55
31012	SAE 85W-90 GL5 1 Litre	€ 11,95
30611	Synthetic SAE 75W-90 1 Litre	€ 13,95

Chain Oiler

Just pull the button (Image 2) every 300 - 400 km and your chain will be oiled for 5-8 seconds. For example pull the button after a tank stop and ride the first 5-8 seconds a little bit slower. You can also oil your chain with your bike on the main stand.

- * Wheel and Tyres will stay clean
- * Oil as often as you need
- * Pull the button every 350km
- * easy to install and to use
- * no connection to the carburettor
- * no electronic system
- * cheap refilling
- * longer life of the chain and sprockets

Fits for BMW models

F650, F800GS, F800R and G650

ArtNo.	Description	Price
BK OSCO 001	Chain Oiler	€ 129,90
BK OSCO 002	Refill Oil (180 ml)	€ 5,90

Chain Kits

About the power of the machine really get on the road is the chain kit from Regina, the best choice.

The chain and sprockets kit for your BMW F650, ST MY 93-00 consists of an open chain with 110 chain links and a transmission of 16/47.

Grip Puppies

These Grip Puppies will give more comfort to your ride and less vibrations. They simply slips over your standard rubber grip (no need to remove standard grip).

Grip Puppies will fit all standard grip sizes.

The standard Grip Puppy will fit standard bars sizes and grips. They are 5" (12.7cm) long and will fit grips that are 1.25 (3.17cm) to 1.45 (3.68cm) inches in diameter. Grip

Puppies can be trimmed to length with a craft knife or similar if needed (using appropriate care!)

These are great for adding a little extra thickness and comfort to your grips.

Will also work with heated grips.

INSTALLATION INSTRUCTIONS: You do not need an air compressor. Just apply a little soapy water to the inside of the Grip Puppies and slide them over your existing grips.

Allow to dry then enjoy the ride! In the video above we show how you can use an air compressor.

Twinmax synchroniser machine

A correct and proper synchronisation of the carburettor or the fuel-injection system is very important for perfect engine running: smooth engine running, excellent response, no vibrations, optimal mileage and less wear.

Compared to other synchronic machines the TWINMAX compares the vacuum on both sides with the help of a single pressure sensor (differential pressure gage) and shows the difference on the indicator.

Synchronizing with TWINMAX is easy and quick. The result is professional precision.

The TWINMAX is

- * usable on almost every engine
- * suitable for fuel injection
- * applicable for any number of cylinders
- * tune with the highest precision
- * electronic, there are no moving parts
- * free of Mercury, springs or weights
- * its works regardless of the atmospherics
- * very compact (11 x 8 x 4 cm).

The set contains:

- * 1x TWINMAX MKIII, short operating instruction in English on the instrument,
- * 2x petrol strong elastic hoses, each one is 70 cm,
- * 2x connecting nipples, 5 mm for Japanese bikes
- * 2x connecting nipples, 6 mm for Japanese bikes
- * 2x connecting tubes for BMW
- * 1x 9volt brand block battery

ArtNo.	Description	Price
Twin-MKIII	Twinmax synchroniser machine	€ 87,95

Diagnostic Equipment

A small and handy tool.

This item shows you any error in the error memory, gives you more information about it, helps you to solve that problem and you can remove the error from the error memory.

With many extras like engine temperature, engine speed, lambda, injection time and many more.

Fits for the BMW models:

F650, F800, G650, K1200, R1100, R1150, R1200

ArtNo.	Description	Price
345061	for BMWs with 10 pol. diagnostic plug	€ 599,00
342510	Adapter for 3 pol. diagnostic plug	€ 29,95

Hydraulic lifting platform

-Protected from overload -Easy lifting and lowering with pedal -The platform is easy to move because of its 4 rollers

up to 360kg:
 -Weight ca. 100kg
 -Size(LxWxH): 2200x685x250 mm
 -Useable length 1400mm

up to 450kg:
 -Weight ca. 130kg
 -Max. height 700-750 mm
 -Size(LxWxH): 2200x670x250 mm
 -Useable length 1820mm

Oil Resistant Clutch

Our Oil Resistant Clutch will not slip even when oil is on it, which can happen very easily when the simmering is broken.

This is a huge advantage for globe trotter, touring rider and everybody who rides a lot.

Another advantage is that this clutch can transfer much more torque than usual clutches.

The organic lining provides smooth transmission of power and is also very durable.

Load:

The WP EDS-System can be adjusted to suit various loads. The system has 3 different settings to choose from:

- Solo
- Solo with baggage or passenger
- with passenger and baggage.

Suspension:

The WP Suspension EDS II System gives the ES rider all possible adjustments, greatly increasing the riding enjoyment.

• **T1** (comfort setting) for long distances, the rider has greater comfort than the original and increases the bike's safety.

• **N1** is developed for everyday motoring on various road surfaces. This setting can be used on both country lanes and in the city.

• **T2** (sport setting) for the sporty, ambitious rider this system offers a concisely tuned adjustment, designed for taking the bends.

Available for:

- BMW > modelyear
- R 1150 GS > 1999 - 2003
- R 1150 RT > 2001 - 2005
- R 1200 GS > 2004 - 2007

WP Suspension BV

WP Suspension was founded in 1977 in the Netherlands and has become one of the largest motorcycle suspension producers in Europe. WP Suspension is supplier for many race-teams and main European manufacturers.

The Arber

Very close to our home base is the highest mountain in the Bavarian Forest. The Arber, at 1.456m (4,777ft) above sea level, a well-known ski resort with cable cars in the winter months, becomes a very popular recreation area in the warmer seasons, much loved by walkers and motorcyclists alike.

A 60km (38mile) round trip allows you to explore the mountain from two sides, using some spectacular curving roads.

A rest stop at the motorcycle friendly restaurant on the shore of Lake Arber offers stunning views of the nearby cliffs from the terrace. In summer bikers also enjoy small details like the helmet stands alongside the tables and a free visor cleaning service. Extra parking just for motorcycles is also part of the service.

So, should you plan a tour of the region, feel free to pop in and see us, we're sure we can help you with a few tips for a memorable trip.

SITZUMBAU - SEAT ALTERATION

F800GS

Alteration one-piece seat

We need about two weeks for this alteration.

It is necessary that you send us our seat, because we change your seat and the seat should be in original shape and not altered before.

R1150GS Adv.

A distinct fluting (middle of the seat is deepened) releases the driver's tailbone and disperses the driver's weight all over his bottom. Also, the seat gets broadened for ca.15 mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. Special contours for the pillion's seat avoid the slipping when the driver has to brake.

Available in three heights
(please note in the comment with number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

R1200R

It is also possible to include a gel pad for even more comfort or just new leather without any further changes.

We will change your seat exactly like you want it to be.

K1200R

F800R

ArtNo.	Description	Price
sb	Seat black	€ 289,00

Alteration front & rear Seat

We need about two weeks for this alteration.

It is necessary that you send us our seat, because we change your seat and the seat should be in original shape and not altered before.

It is not necessary to send us both seats, it also possible to alter just one part.

The drivers and pillion rider s seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting.

We especially took care of the pillion rider s comfort: Here, the seat is increased in the middle front part to inhibit a cramped position.

These alterations care for a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

The seats are slippage related material.

Available in three heights (please note in the comment with the article number):

- 1: like your original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

It is also possible to include a gel pad for even more comfort or just new leather without any further changes.

We will change your seat exactly like you want it to be.

Use our 24-hour online shop to order from the comfort of your home. Here you will find our whole product range, regularly updated and refined. All products are organised by Model so with one click you can find specific parts for your motorcycle. Also News and our Newsletter give you the latest on our specials and activities to keep you up to date. Customers outside Germany and Austria will find our shop items and information in English.

How to order?

First choose your motorcycle Model (1) on the start page. You now have all model specific parts listed. These are sorted in categories such as Aluminium parts, Carbon parts, Exhausts, Accessories etc. (2). Choose the category and click on the product of interest (3). You will see a large picture, descriptive text of product, sizes and material etc. the article number and price as well as more small pictures, all of which open to a large view with a mouse click (4).

To choose a product simply add to Shopping Basket with a click under the price. This will open a new page showing which products are in your Basket. The right hand column shows various shipping and payment options (see also pages 408 and 409). You may choose to finalise the sale or continue shopping (5). To conclude the sale simply click the button and a new page will open (6). For first time users simply click on the top red stripe and you will get to a new page. Fill in your address details and payment method.

Please fill in the *necessary fields, shipping method and Terms of Business and then click lower red button (7) to conclude the sale.

You will now see a list of all purchase, your address and costs including handling charges.

Should any adjustments be required these may be performed now, or click red button to finalise and start the last page of your order processing.

Prepayment or bank transfer: Our Bank account details will be sent to you on receipt of your order by e-mail. Once payment is made we send you order.

Direct Debit: The Money will be debited from your bank account three days after sending your order. This service is only available within Germany.

COD (Cash on Delivery): You pay on receipt of the goods. Only available within Germany and Austria. In Austria minimum order value of €30.

The following charges also apply:

Germany Order value under €30. €8.80 (+ €3.90 = €12.70)

Germany Order value under €250. €6.80 (+ €5.90 = €12.70)

Germany Order value over €250. €5.80 (+ €0.00 = €5.80)

Austria Order value over €30. €11.90 (+ €8.90 = €20.80)

Austria Order value over €250. €11.90 (+ €9.90 = €21.80)

PayPal: Online payment with PayPal. See www.paypal.de. Once completing your order you will receive our Pay Pal data by e-mail. PayPal charges are 3.5% of order value. Credit Card payments are possible when you have a PayPal Account.

Credit Card: No extra charges. Payment with Visa or MasterCard. Simply add Card number, Name, validity, security code and your order will be processed and dispatched as soon as possible.

Your Advantages:

- * Shipping with DHL
- * Insured shipping
- * Right to return
- * Money back guarantee
- * 2 years guarantee
- * We treat your data in strict confidence
- * Fast telephone and email service
- * Many secure payment methods

When you order online:

- * Secure data transfer
- * Availability display
- * Online Package tracking
- * Easy and fast overview

GENERAL TERMS AND CONDITIONS

Catalog

Product range. All products listed in our catalog are correct at time of going to press. We reserve the right to change descriptions, materials and prices as may be deemed necessary without notice.

Product ownership

All products remain the property of Motorcycleparts Hornig GmbH until paid in full.

Prices

All prices are in Euro and include VAT at current rates.

Damage or shortfall of delivery

Any shortfall in delivery or damage in transit must be accompanied by a damage report from the freight carrier, and must be completed at time of receipt of damages / short delivery. Should damage in transit become apparent on opening parcel, the parcel should be returned immediately to the freight carrier for a damage report. We cannot settle any claim without a valid damage report. All damaged goods should be returned. Should your claim be valid we will either replace damaged goods or refund in full. Please pay return postage. Any complaints regarding damage and / or shortfall must be brought to our attention, in writing, within 5 days. Any returns must include a copy of the sales invoice. We will not accept any returns that are unpaid.

Returned goods

Should you need to return goods, or wish to exchange any goods ordered you may do so within 14 days of order. Goods must be in as new condition and in the original undamaged packaging. Goods returned will be refunded up to their value and a refund will be via bank transfer to your account. Postage will not be refunded. Please enclose a copy of the sales invoice.

Warranty

Any faults or defects of goods must be notified immediately. For OEM items sold by the manufacturer guarantee is applicable. All products manufactured by us are guaranteed for a period of 12 months. Any warranty claim can only be settled if a copy of sales invoice is included.

Data protection

Your details will be used by Motorcycleparts Hornig GmbH for use of processing orders. Your details will not be passed onto any third party.

In case of any legal claims our business address applies. Motorcycleparts Hornig GmbH, Gewerbepark Chammünster Nord C 5, 93413 Cham, Germany.
