

Indoor Cover

Perfect for keeping your motorcycle free from dust and ding while parked in the garage. The outer material has a silky quality and the inside is very soft and gentle on the paintwork. Keep your motorcycle looking brand new. This cover is made of the best quality cloth to ensure that your bike stays clean and dry inside your garage. It absorbs moisture and reduces the condensation effect of moisture on the metal parts. The thick, padded material ensures that there is no damage to the paint.

"Breathing" membrane material, moisture is "transported" to the outside.

Tightening band.
