

Rubber Nut M5

Rubber nut M5 for vibration-free mounting of motorcycle windscreens, windshields and fairings. The connection is largely self-locking, so no need to grip with a wrench. A great advantage for inaccessible mounting points in the cockpit.

Item no. 03128: 4 pieces rubber nut M5

Item no. 0957: Screw set silver (4 pieces rubber nuts 13mm long, 4 pieces button head screws aluminium silver anodized M5x16, 4 pieces transparent washers)
