

## Tie-Down Straps with Cam Buckles

Set of 2 tie-down straps with cam buckles. Contains: 2 sturdy tie-down straps with practical cam buckles.

\* Length: each 2.5 m

\* Width: 25 mm

\* Tensile strength: 70 kg

\* Break point: 210 kg (EU standard 12195)

The break point of a lashing is tested by applying a gradually increasing weight. The weight at which the lashing ultimately breaks is recorded.
