

## Crashbars

Our crash bars are made of high-quality stainless steel and are especially designed for your F650/700/800GS. The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way. Crash bars offer a very good protection, but they can reduce the cornering angle.

### Install Instruction

Also referred to as engine bars, highway bars.
