

## Adapters for lifters

**2031**

With these adapters, an existing lifter can be converted in order to be used for another purpose.

Part no. 2031: Rear adapter, lifter will be used as a rear lifter (for dual-sided swingarm)

Part no. 2080: Front adapter rocker, lifter will be used as a front lifter (under the brake caliper/fork tube)

Part no. 2080II: Front adapter mandrel, lifter will be used as a front lifter (between fork tube and brake caliper)

Part no. 2052: Racing adapter M8 for rear swingarm, lifter will be used as a rear lifter (rear swingarm with screwed-on bobbins)

Part no. 2080III: Front adapter mandrel with pin, lifter will be used as a front lifter (under fork tube, with drill from below for fixation, with pin on mandrel)

The adapters can be used for our lifters 2039-31, 2039-80, 2039-80II, 2039-52 and 2039-80III.
