Front Mudguard

Made of nice looking, high-quality carbon fibre. It is very light and looks brilliant on your BMW K1600GT.

The mudguards were developed and tested with standard road tires.

Tires with very high edges or extremely knobby tires can cause impairments.

The mudguards are not suitable for off-road use.

Art-Nr.: KVO.161.K1600.K 349,90 EUR
