

## Engine oil LIQUI MOLY

**1139215**

**1139195**

**1139219**

**1269613**

Fully synthetic high-performance engine oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, excellent engine cleanliness, excellent friction coefficients, a minimal wear, a smooth engagement and disengagement and shifting are the advantages of this engine oil. The driving pleasure is thus significantly increased. Tested on catalytic converters. Race proven.

Designed for 4-stroke air and water cooled engines that are subject to normal to highest operating conditions. For sports use. Suitable for engines with and without wet clutch.

Content: 4 litres
