

Front mudguard carbon

This front mudguard is an optical improvement for your BMW S1000RR (2019-) & M1000RR (2021-2022).
Made of carbon fibre.

The mudguards were developed and tested with standard road tires.
Tires with very high edges or extremely knobby tires can cause impairments.
The mudguards are not suitable for off-road use.

Art-Nr.: KVO.004.S119S.K
