

Motorcycle Stand with pedestals

With this universal motorcycle stand you can place motorcycles with front wheels from 17 to 21 inch in a stable position. The maximum possible wheel width is 135mm. Thanks to its pedestal, the motorcycle stand can be used free-standing on the floor.

The motorcycle stand is built and designed in a very solid and stable way.

Weight: 6,5kg

Attention: You always have to secure the motorcycle with tension belts (not included in the scope of delivery)!
