

Motorcycle Stand

With this universal motorcycle stand you can place motorcycles with front wheels from 16 to 19 inch in a stable position. The maximum possible wheel width is 135mm. The motorcycle stand must be bolted on the ground with the enclosed screws.

The motorcycle stand is produced in Germany and is built and designed in a very solid and stable way.

Weight: 12kg

Attention: You always have to secure the motorcycle with tension belts (not included in the scope of delivery)!

Art-Nr.: 2100-Z1
