

Vario Touring windshield

4025066175338

This type of touring screen has a small spoiler at the top of the wind deflector. Can be manually set to seven positions in terms of angle and height. Tiresome turbulence is also reduced by the air flow at the rear of the spoiler. The Vario Touring windshield fits models with and without a radar system, as well as models with and without electric windscreen adjustment and fits also in conjunction with the Enduro package.

Length of the base screen: 400mm

Also referred to as windscreen, windshield, shield, screen.
