

Glare protection for Connectivity display

Sun visor for 6.5 inch display, suitable for the Connectivity instrument cluster.

With this high-quality glare protection, the display remains easy to read even when the sun is low.

Made from UV-resistant and durable plastic, it offers very good protection against direct sunlight.

Very easy to install - just plug it in and it clicks into place.

Attention: If you have additional hand protectors or handlebar guards mounted, please check whether there is enough space next to the display when the steering is fully turned!
